I.1.b.c 506 Herald Street - Application for a Lounge Endorsement to a Manufacturer’s License (brewing) for Herald Street Brew Works

Moved By Councillor Collins  
Seconded By Mayor Helps

That Council direct staff to provide the following response to the Liquor Licensing Agency: Council, after conducting a review with respect to noise and community impacts, does support the application of Herald Street Brew Works, located at 506 Herald Street, to have a lounge endorsement added to their manufacturing license, having hours
of operation from 9:00 am to 2:00 am daily, and an occupant load of 178 persons.

Providing the following comments on the prescribed considerations:

1. The impact of noise on the community in the vicinity of the establishment has been considered in relation to the request and assumptions are the noise impacts would be proportional to existing licence capacity in the vicinity. The applicant and operator does not expect the establishment will have negative impacts on neighbours due to the operational concept and a commitment to minimize impacts through monitoring of, and communication to guests. The requested hours of operation and occupant load are not expected to result in disproportionately high negative impacts to the community.

2. If the application is approved, the impact on the community is expected to be positive economically as the approval supports the business plan and long term viability of the establishment. The business model is seen to align well with recent changes made to zoning bylaws which encourage this type of development. The establishment contributes to the richness, and diversity of offerings in the area.

3. The views of residents were solicited via a mail out which included 284 letters to neighbouring property owners and occupiers within 100 metres of the licensed location and a notice posted at the property. The City received two letters in response to the request, both of which were opposed to the application.

4. Council recommends the license endorsements be approved.

Motion to refer:
