Public Notification Responses

Hi there,

I am the manager of Lush, which is right next to the Bard and Banker at 1020 Government Street. The current patio that the Bard and Banker had been permitted is the only patio that I have seen in the downtown area that is allowed to expand in front of a business- my business. Their patio hinders people from seeing my business from across the street because of their umbrellas and propane heaters. It also hinders customers from being able to cross the street directly to my shop. I would appreciate the patio stopping at the bike rack in front of my doors so there is more visibility and access to my door.

Thank you for your time and consideration,
Jenny DeYaeger
