

From the September 12, 2024 Closed Council Meeting:

Legal Advice - Crystal Pool Replacement Project - Referendum Options

Rise and report on:

1. the final vote tally (8/1, without attribution)
2. on the text of the final motion: *“That Council receive the Crystal Pool Replacement Project report for information”*
3. And that the previous motion arose from the paragraph:

“Do Nothing: There is no requirement for Council to consider taking a position in support of the “yes” vote. Council could simply decide to receive this report for information and do nothing. The City would then proceed with the communication strategy that is neutral in nature and does not promote or support a “yes” vote.”,

from the September 12, 2024, staff report entitled “Crystal Pool Replacement Project – Referendum Options”.
