Q2. **Comments (optional)**

My main concern with the plans is the proposed 4-meter multi-use pathway alongside Blansherd. Blanshard is a major route, and should have separate spaces for pedestrians and micro-mobility. As of a few years ago, Blanshard was being considered as part of Victoria's AAA network. I would really like to see this project coordinated with a AAA pathway along Blanshard. In combination with the route on Kings, this could be an amazing location for active transportation.

Go bigger; add more units. I strongly support bioswales, and daylighting of Rock Bay creek.
