Subject: May 3 Council Meeting

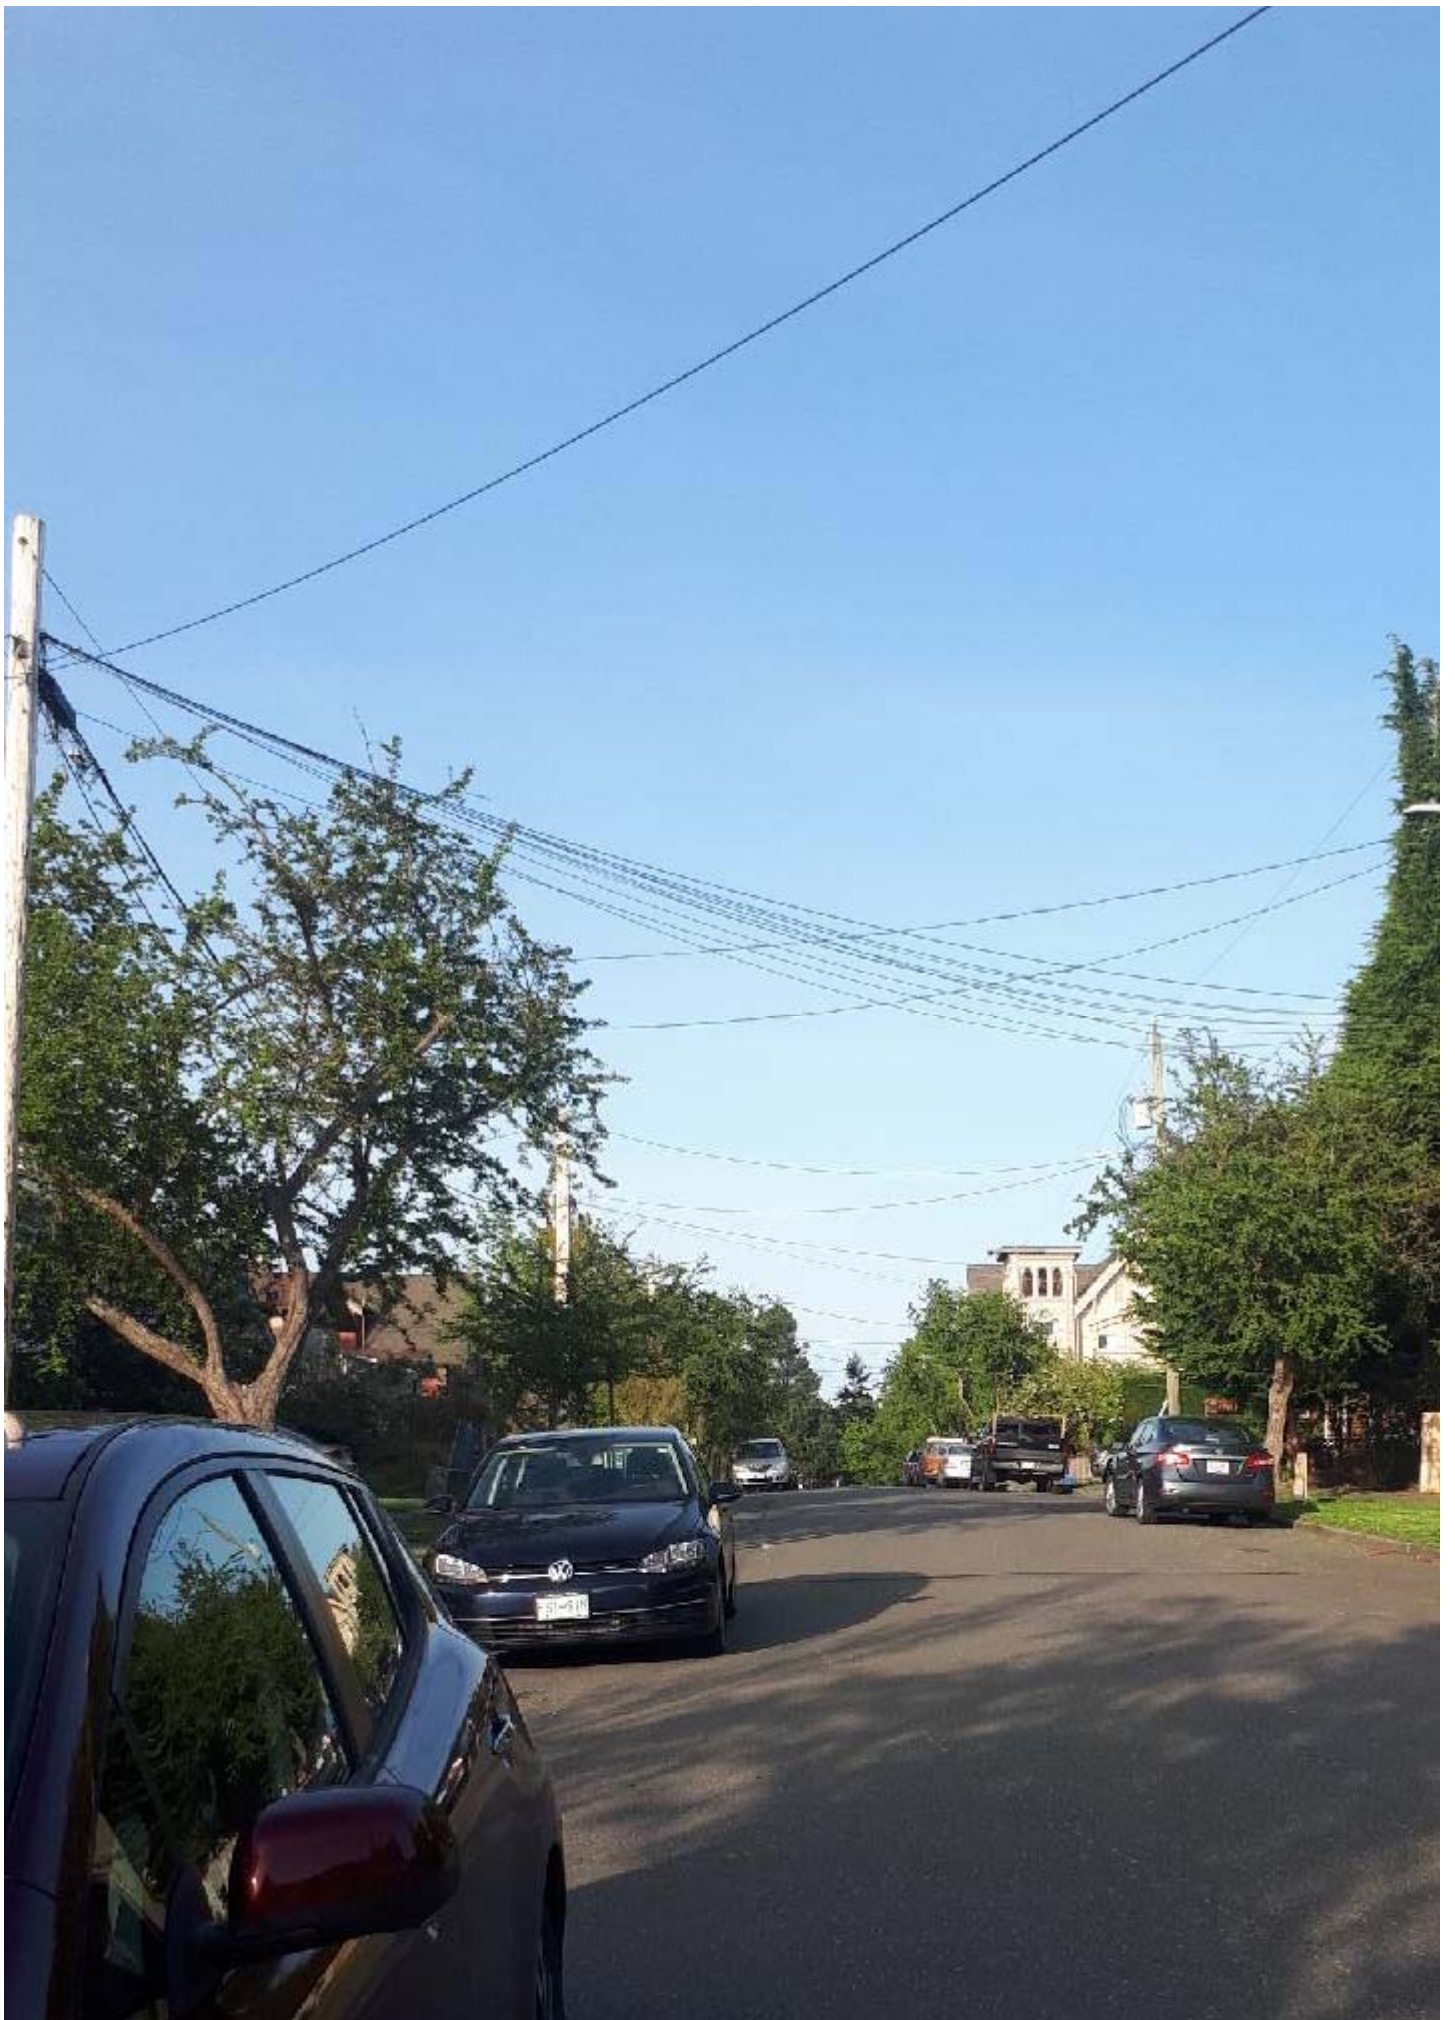

Hi Jim,

I reviewed the comment on our application emailed by one of the neighbours. One of the items I disagree with in the letter is the neighbours claim that there is parking issue on the street and, more specifically, that our tenants are clogging the street. Attached are images taken of the street this evening at 6:45PM — not atypical from my experience. Is it possible for me to share these with Council tomorrow?

Warmly,
Elizabeth
