5.6 Update Report - Rezoning Application No. 00591 for 1122 Collinson Street

Committee received a report dated November 30, 2017, from the Director of Sustainable Planning and Community Development regarding an update on an application to permit six self-contained units in a house conversion.

Motion: It was moved by Mayor Helps, seconded by Councillor Alto, that Council instruct staff to prepare the necessary Zoning Regulation Bylaw Amendment that would authorize the proposed development outlined in Rezoning Application No. 00591 for 1122 Collinson Street, that first and second reading of the Zoning Regulation Bylaw Amendment be considered by Council, and a Public Hearing date be set subject to the preparation and execution of a Housing Agreement Bylaw to secure the six dwelling units as rental for 10 years to the satisfaction of the Director of Sustainable Planning and Community Development.

Committee discussed:

- Tenant relocation plans.

CARRIED 17/COTW

For: Mayor Helps, Councillors Alto, Coleman, Loveday, Lucas, Madoff, Thornton-Joe, and Young

Against: Councillor Isitt

RECOMMENDATION

EXECUTIVE SUMMARY

The proposal is to rezone the property from the R1-B Zone, Single Family Dwelling District, to a site specific zone in order to permit six self-contained units in a house conversion. The current use is an eight unit house conversion (one self-contained suite and seven light housekeeping units); the proposed use is six self-contained units. Although, heritage designation or registration would more clearly identify the heritage value of the property, a new zone would be drafted in a manner that would tie the proposed six-unit configuration to the existing building, thereby offering a degree of protection.

At the October 5, 2017 Committee of the Whole meeting, Council made the following motion (report and Council motion attached):

November 30, 2017
Page 1 of 3

preparation and execution of a Housing Agreement Bylaw to secure the six dwelling units as rental housing for 5 years on the condition of heritage designation of the building to the satisfaction of the Director of Sustainable Planning and Community Development, and to direct staff to negotiate a tenant relocation plan for residents."

ISSUES & ANALYSIS

The October 5, 2017 motion has been addressed in three parts by the applicant, in a letter dated November 27, 2017.

Heritage Designation

The applicant does not wish to Heritage Designate the existing house and have indicated in their letter that the interior would be preserved and the exterior would remain as it exists now. The House Conversion Regulations pertaining to this building do not permit exterior changes to the front facade or addition of floor space through additions or enclosure. Additionally, the new zone would be drafted so that the six-unit configuration would be tied to a building of a certain age, precluding the ability to demolish the existing structure and obtain the same entitlement in a new structure. These regulations would help to preserve the character of the house as it exists.

Housing Agreement

The motion from Council indicated a five year Housing Agreement on the condition of Heritage Designation. The applicant does not wish to Heritage Designate the building and instead proposes a ten year Housing Agreement. Staff's request for a Housing Agreement ensuring rental for a minimum of twenty years or in perpetuity was declined by the applicant as previously indicated.

After the ten year Housing Agreement expires, the owner could apply to convert the rental units to strata; however, the *Official Community Plan (OCP)* states that any conversion of four or more units to strata will not be supported when the vacancy rate provided by Canada Mortgage and Housing Corporation for Greater Victoria is at 4% or lower, and would require Council approval.

Tenant Relocation Plan

Current Policy related to Tenant Relocation Plans does not exist for a rental to rental conversion through renovation. The applicant has provided information regarding working with tenants on an individual basis to transition them through private relationships held with housing providers. This is further detailed in the Letter to Mayor and Council dated November 27, 2017.

CONCLUSION

The applicant has responded to Council's motion, and proposes a ten year housing agreement without Heritage Designation. Additionally, the applicant has provided information about working with tenants to transition them to other housing. Staff recommend that this application be advanced for consideration at a Public Hearing.

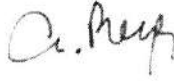

ALTERNATE MOTION

That Council decline Rezoning Application No. 00591 for the property located at 1122 Collinson Street.

Respectfully submitted,

To: Committee of the Whole **Date:** September 21, 2017

From: Jonathan Tinney, Director, Sustainable Planning and Community Development

Subject: Rezoning Application No.00591 for 1122 Collinson Street

That Council instruct staff to prepare the necessary Zoning Regulation Bylaw Amendment that would authorize the proposed development outlined in Rezoning Application No. 00591 for 1122 Collinson Street, that first and second reading of the Zoning Regulation Bylaw Amendment be considered by Council and a Public Hearing date be set subject to preparation and execution of a Housing Agreement Bylaw to secure the six dwelling units-as rental housing for 10 years to the satisfaction of the Director of Sustainable Planning and Community Development.

In accordance with Section 479 of the *Local Government Act*, Council may regulate within a zone the use of land, buildings and other structures, the density of the use of the land, building and other structures, the siting, size and dimensions of buildings and other structures as well as the uses that are permitted on the land and the location of uses on the land and within buildings and other structures.

In accordance with Section 483 of the *Local Government Act*, Council may enter into a Housing Agreement which may include terms agreed to by the owner regarding the occupancy of the housing units and provided such agreement does not vary the use of the density of the land from that permitted under the zoning bylaw.

The purpose of this report is to present Council with information, analysis and recommendations for a Rezoning Application for the property located at 1122 Collinson Street. The proposal is to rezone from the R1-B Zone, Single Family Dwelling District, to a site specific zone in order to permit six self-contained units. The current use is an eight unit house conversion (one self-contained suite and seven light housekeeping units); the proposed use is six self-contained units.

The following points were considered in assessing this Application:

- the proposal is generally consistent with the Traditional Residential Urban Place Designation in the *Official Community Plan, 2012* (OCP), which supports House Conversions. The OCP includes policy to enable and support upgrades and rehabilitation of existing housing stock.
- changes to the House Conversion Regulations would be required to accommodate the minimum floor area which is below that required for six self-contained units, as well as below the minimum floor area for self-contained units.
- rental housing secured through a 10 year Housing Agreement is proposed by the applicant.

BACKGROUND

Description of Proposal

A new site specific zone based on the R1-B Zone, Single Family Dwelling District, and the House Conversion regulations of the Zoning Bylaw is being proposed in order to decrease the minimum total floor area required to accommodate conversion to six self-contained dwelling units from 560m² to 351m². One of the units is also below the minimum area required for self-contained units, and would be decreased from 33m² to 29.7 m². Additionally, the new zone would allow the addition of approximately 10.87m² of enclosed floor area, which already exists but was constructed without permit.

Affordable Housing Impacts

The applicant proposes to reduce the number of units in this eight unit house conversion (seven light housekeeping units and one self-contained unit) to six self-contained units. The reconfiguration would allow each of the units to be slightly larger and contain separate bathrooms.

A Housing Agreement for 10 years is also being proposed by the applicant which would secure the six dwelling units as rental housing. Staff's request for a Housing Agreement ensuring rental for a minimum of twenty years or in perpetuity was declined by the applicant.

Sustainability Features

The applicant has not identified any sustainability features associated with this proposal.

Active Transportation Impacts

The applicant has proposed six bike racks for tenants, which supports active transportation.

Public Realm Improvements

No public realm improvements are proposed in association with this Rezoning Application.

Accessibility Impact Statement

The British Columbia Building Code regulates accessibility as it pertains to buildings.

Land Use Context

The area is characterized by single family homes, house conversions, multi-family residential and commercial. There are also several heritage designated properties along Trutch Street, in close proximity.

Existing Site Development and Development Potential

The site is presently an eight unit house conversion containing seven light housekeeping units (with shared bathrooms) and one self-contained unit (with an individual bathroom). Under the current R1-B Zone, Single Family Dwelling District, the property could be developed as a single-family dwelling with secondary suite or garden suite.

Data Table

The following data table compares the proposal with the R1-B Zone, Single Family Dwelling District, and the House Conversion Regulations under Schedule G of the Zoning Bylaw. An asterisk (*) is used to identify where the proposal is less stringent than the existing zone. A double asterisk (**) is used to identify existing legal non-conformities.

Zoning Criteria	Proposal	Zone Standard R1-B
Site area (m ²) - minimum	613.30	460.00
Floor area of all floor levels combined for lots less than 669m ² - maximum	350.95**	300.00
Lot width (m) - minimum	16.79	15.00
Height (m) - maximum	9.02** (approx. - data not provided)	7.6
Storeys - maximum	3**	2
Site coverage % - maximum	34.37	40.00
Setbacks (m) - minimum:		
Front	5.79**	7.50
Rear	15.93	9.09
Side (west)	1.52** (to building) 0.30** (to stairs)	3.00
Side (east)	2.46**	1.68
Combined side yards	2.76**	4.50
Schedule G - House Conversion Regulations		
Required minimum habitable floor area for a six self-contained dwelling units (m ²)	351.00*	560.00

Minimum floor area for individual dwelling units (m ²)	29.73*	33.00
Addition of enclosed space	10.87*	Not permitted
Landscape - total lot (%) - minimum	40.30	30.00
Landscape - total rear yard (%) - minimum	42.00	33.00
Parking - minimum	3**	4
Schedule F - Accessory Building - Garage/Carport		
Combined floor area (m ²) (max)	31.59	37.00
Height (m) (max)	existing	3.50
Setbacks (m) - minimum		
Rear setback	1.50	0.60
Side setback	0.30**	0.60
Separation from main building	8.16	2.40
Rear yard site coverage (%) (max)	19.50	25.00

Relevant History

The existing building, built in 1912, was converted and approved for seven light housekeeping units (without separate bathrooms) and one self-contained unit (with a bathroom) in 1959. There is an accessory building in the rear built with permit, and a carport built without permit. The balcony at the front of the house was enclosed at some point, and not shown on any building permit plans.

Community Consultation

Consistent with the *Community Association Land Use Committee (CALUC) Procedures for Processing Rezoning and Variances Applications*, the applicant has consulted the Fairfield Gonzales CALUC at a Community Meeting held on May 15, 2017. A letter dated May 15, 2017 is attached to this report.

ANALYSIS

Official Community Plan

The proposal for a six unit House Conversion is consistent with the Traditional Residential Urban Place Designation contained in the *Official Community Plan, 2012* (OCP) which supports a diversity of ground-oriented housing types and house conversions. The Application proposes to convert the existing eight units to six self-contained units. Although there is an overall reduction of two units, there would be renovations to the existing building interior, upgrades in

compliance to current BC Building Code, and livability would increase by providing individual bathrooms. Additionally, the overall number of occupants may not decrease, as it would be more likely that multiple individuals could live in each unit.

The applicant has also proposed a Housing Agreement, ensuring the units remain rental for at least 10 years. After the 10 years, the owner could apply to convert the rental units to strata; however, the OCP states that conversion will not be supported when the vacancy rate provided by Canada Mortgage and Housing Corporation for Greater Victoria is at 4% or lower, and would require Council approval.

Suburban Neighbourhoods Plan

The proposal would conserve the traditional character of the neighbourhood, while making improvements to the housing stock, which is consistent with the *Suburban Neighbourhoods Plan, 1984*.

Tree Preservation Bylaw and Urban Forest Master Plan

There are no Tree Preservation Bylaw impacts with this Application.

Heritage

The applicant has declined designating or including the property on the Heritage Registry; however, since the proposal would be facilitated through modification to the House Conversion Regulations, the house would be retained.

Regulatory Considerations

This Rezoning Application is to rezone from the R1-B Zone, Single Family Dwelling District, to a site specific zone to allow a House Conversion with six dwelling units. The new zone would be based on the R1-B Zone, except for the following changes:

- a decrease in the minimum habitable floor area required for six self-contained units in a house conversion would change from 560m² to 350m²
- a decrease in the minimum floor area for individual dwelling units for conversion to a multiple dwelling would change from 33m² to 29.73m²
- allowing for the addition of enclosed floor area to accommodate the front porch enclosure.

The intent of the House Conversion Regulations is to ensure liveability of self-contained units. Since the overall unit size of the units would change when converting from a light housekeeping arrangement to self-contained units, the units would become larger and potentially more liveable.

Other deviations from the zone with regard to height, parking, setbacks and number of storeys would remain legal, non-conforming.

CONCLUSIONS

The proposal is to rezone the subject property from the R1-B Zone, Single Family Dwelling District, to a new site specific zone to permit a six self-contained dwelling unit House Conversion and is generally consistent with Traditional Residential Urban Place Designation

and other OCP policies. The Application includes a Housing Agreement Bylaw that would secure the six units as rental for 10 years. Staff recommend that Council consider supporting the Application.

ALTERNATE MOTION

That Council decline Rezoning Application No. 00591 for the property located at 1122 Collinson Street.

August 22, 2017

Regarding: Site Specific Rezoning Request for 1122 Collinson St.

Honorable Mayor and Council;

It is being proposed that the existing permitted usage of 1122 Collinson St., comprised of seven (7) Light House Keeping units and one (1) self-contained apartment be improved by converting to another permitted use of six (6) self-contained one (1) bedroom apartments. This will extend the functional life cycle of the building; provide increased tenant security and privacy; and better match surrounding occupancies provided by our neighbors on Collinson St. and in Fairfield.

There exists negligible density change because the basement floor space will be finished and habitable. Existing maximum occupancy, per BC Building Code, is increased from nine (9) persons to twelve (12) persons, proposed, respectively. All apartments will remain rental and will surely meet the need for additional long-term, rental accommodations in the area. There is no current intention to stratify units.

This proposal conforms to Section 13 of the Official Community Plan because it allows for an increase in density and self-contained units, it extends the economic life of the building, and it provides enhancements to security, privacy and hygiene. The exterior of the building will be preserved to maintain the character continuity on the street because all proposed changes are to the interior. This proposal is timely and advantageous to our City to alleviate some of the rental demand for accommodations with access and convenience to amenities and to downtown commerce zones.

The subject property sits between two (2) six (6)-plex rental dwellings and is surrounded by multi-plex rentals on Collinson St. and Richardson St.; strata-conversions on Trutch St. and high-density apartment buildings on the 500-700 blocks of Cook St. The neighbors will not be impacted because activity levels will remain similar. The owner has 15yrs experience providing low turn-over, long-term rentals to Victoria with emphasis on neighborly integration, creating communal social space and empowering tenants to create permanence in their homes. Existing rooming house occupants will be assisted in their transitions and relocations. The two willing participants have already been successfully transitioned into subsidized accommodations.

This proposal does not decrease conformity in regard to parking. Off-street parking may be increased with no foreseen impact on in/egress congestion or current street parking availability.

The subject property is not designated as Heritage, nor is it even listed on the Heritage Registry. Furthermore, there are no listed Heritage Properties within the 1100 block of Collinson. It is not fiscally responsible to designate a mid-block parcel when none of the adjacent properties are designated Heritage, as it impairs any long-term future sale. Furthermore, it blocks long term re-development of the adjacent properties should greater density ever be required. The exterior has few redeeming heritage qualities compared with both adjacent properties. The interior reconfiguration and remodeling will preserve the character features and feel of the original design.

The upgrading that will be completed significantly increase the remaining life of the building; thereby, this proposal significantly lengthens the time period over which the property will provide market rental accommodations. Additionally; there are numerous infrastructural upgrades to electrical and mechanical systems that reduce

environmental impact; including the installations of low-flow fixtures, partitioned heating, and pervious hardscape parking.

It is requested that this proposal be expedited for approval and issuance of a new site-specific rezoning due to its improved permitted usage among surrounding buildings, similarly comprised of multiple self-contained rental apartments; its compliance to the BC Building Code and conservation of original building features; and its preservation and improvement of desperately needed, local rental stock. No precedent exists for rental housing agreements requiring registered covenants of 20yrs for rental improvement conversions. It should be noted that BC Housing has officially exempted this project from new housing as it does not meet qualifications for substantial renovations. Such covenant terms would jeopardize my ability to conduct business in the apartment owners' community and would limit financing and exit options.

I am gravely concerned that protectionist recommendations encountered mid-application have created undo financial hardship on this project that simply cannot absorb further costs as a rental proposal. Our proposal mustn't be leveraged for controlling future large-scale and purpose-built rentals or used against smaller strata conversion applications that deplete primary rental stock. I am proposing that a covenant of no longer than 10yrs be appropriate for this proposal while qualifying for expedited attention before Mayor and Council since I believe we are achieving the same critical goal in securing more long-term rentals in Victoria.

Sincerely;

Cameron Stewart

www.fairfieldcommunity.ca

place@fairfieldcommunity.ca

apartment suites will be rental units not strata title. There will be no changes to the exterior.

Community Questions and Answers:

Requested clarification of term, "light house keeping room".

The "shared" driveway width etc. requires clarification.

Community Comments (including positive, negative, and neutral):

Concern from adjacent neighbours / owners to the south regarding the headlights and noise from the driveway between the two houses.

By far, the greatest concern is displacement of the existing tenants many of whom live with disabilities and receive social services. They are: uncertain as to when they must vacate, if they can find appropriate and affordable alternative housing, breaking up their community and leaving a community of caring neighbours. It must be noted that the applicant referred to a "tenant relocation program" and appears sincere in wishing to ensure that the existing tenants are: kept apprised of lead times for moving out, will help with securing alternative housing, and even, if possible, keep tenants together.

As well, is the loss of below market housing units.

ATTACHMENT F

Michelle Mulder and Gastón Castaño,

404 – 605 Cook Street,

Victoria, BC, V8V 3Y6.

September 20, 2016.

Dear Mayor Helps and Councillor Coleman:

We are writing to let you know about a housing situation that has arisen on our street, in hopes that your office and council members are able to assist the residents involved. We also hope that the City of Victoria implements policy to prevent this situation from recurring in future.

In early September, our aging neighbour sold her two large houses (at 1116 & 1122 Collinson St.) to a new owner. These houses are rooming/rental properties and accommodate mainly workers and low-income tenants. On the first Friday of the month, all nine tenants at 1122 and one of the tenants at 1116 were "renovicted". They must leave by October 31. Among those evicted is a woman who turns seventy this month and who will not be able to afford alternate housing until January. She may be living in a women's shelter until the new year. Another tenant has been living in his suite for 25 years, working to maintain the house in partial payment of his rent. He now has less than two months to find a new place. These situations triggering homelessness are increasingly common in our city, where it is estimated approximately 60% of residents are tenants. As a city that is already struggling to house those who live here, it feels especially urgent to address the issues that are creating even *more* homelessness.

We have spoken with the new owner of the houses next to us, and he explained his intent to renovate the aging structures over the next year. (Both properties are zoned under R1-B: Single Family Dwelling District.) He assures us that new tenants will be more community-minded. Yet at the same time, he was surprised that we knew about the private sale and asked how we found out. Our answer? We are *already* a community, and we talk to our neighbours. The idea of living in a city that only has room for people with a higher income bracket is alarming indeed.

Thanks for taking the time to read our letter. We do hope that you are able to support our neighbours in their search for housing and that the City of Victoria can effectively address the issue of "renovictions" in a timely manner, as highlighted in the upcoming UBCM annual conference.

Respectfully submitted,

Gastón Castaño

Michelle Mulder.

Honourable Mayor and City Council
1 Centennial Square
Victoria BC

Rezoning application 1122 Collinson Street

We are the owners of the adjacent property to 1122 Collinson Street and wish to express our opposition with the request to the rezone the property from 7 light housekeeping and one apartment to 6 one bedroom suites.

We have owned our property for 25 years and keep a suite in the building for personal use. During this time we have experienced no problems or disturbance from the people living there. The building is in good condition and has many heritage qualities.

The rooming house serves an important role in the community for providing affordable housing for low income individuals. To displace these long term tenants some who have disabilities would cause great hardship to them as affordable housing is not easily obtained in Victoria.

Over the last 25 years the tenants at 1122 Collinson did not own vehicles and were not permitted to park on the property.

Any additional parking added to 1122 Collinson would adversely affect our tenants with headlights, noise and trespass.

Do to the fact the driveways run parallel to one another it is essential the property line be surveyed with markers to determine the exact location of the property line to avoid trespassing. The property measurements the applicant has provided for their application conflict with the documents we obtained from the city.

We feel the responsibility of obtaining the survey should be the applicant of this rezoning application.

In the event the property is rezoned the applicant should be responsible for installing a substantial fence on their property to address the headlight, noise and trespassing issues that will result with several vehicles accessing the rear parking.

Also, their garage has no foundation and requires considerable repair as the roof run off has caused it to rot and the water is also damaging our garage.

We appreciate the opportunity to voice our concerns regarding this rezoning application to the Mayor and City Council.

Respectfully.

RE: Site Specific Rezoning Request for 1122 Collinson Street

Her Worship Mayor Lisa Helps and City Councillors:

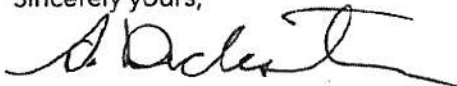

Please consider rejecting Mr. Cameron Stewart's application for rezoning, as it means that the low-income tenants at 1122 Collinson Street will become in dire straits. Some of the tenants are on Disability and the rest are only able to find temporary work in this lovely city. With our rent being at most \$460/month, the tenants here are able to afford rent, food, and utilities, and to keep our dignity. There are no comparable or affordable alternatives for us in the third most-expensive city in Canada. As well, no one would rent to people who don't have long-term employment in such a landlord-choosing-tenant market where the highest bidder wins.

Our building is in fact quite unique. We are single women each living independently with our own kitchens, but sharing the washrooms, toilets, and laundry facilities. We have all lived here for years and with some of us having social anxiety disorders, we are lucky to have long-term friendships, which helps ward against loneliness and sickness. Our building is in a safe neighbourhood near Cook and Fairfield, and since none of us can afford a car, we highly value our location, which is within walking and biking distances to an affordable supermarket, the Y, Cook Street Village, the public library, the Pacific Ocean, and Beacon Hill Park.

We are also part of a community that cares about us. When our landlord attempted to illegally evict us (he gave us eviction notices stating he had permits, when he obviously did not have them), our caring neighbours threw us an "anti-eviction party" to try to brainstorm ways to keep us as part of this great neighbourhood.

Please keep us together in this rare low-income building, in this safe neighbourhood, with neighbours we know, so we may remain independent, healthy, and happy by declining his request to evict us on the basis of major renovations. If not, at least, do not let him do demolition renovations in keeping with the "six-month moratorium for rental demolitions". Thank you.

Sincerely yours,

Susan Dickstein
Current tenant of 1122 Collinson Street

REPORTS OF COMMITTEES

1. **Committee of the Whole – October 5, 2017**

8. **Rezoning Application No. 00591 for 1122 Collinson Street (Fairfield)**

Motion:

It was moved by Councillor Coleman, seconded by Councillor Young, that Council instruct staff to prepare the necessary Zoning Regulation Bylaw Amendment that would authorize the proposed development outlined in Rezoning Application No. 00591 for 1122 Collinson Street, that first and second reading of the Zoning Regulation Bylaw Amendment be considered by council and a Public Hearing date be set subject to preparation and execution of a Housing Agreement Bylaw to secure the six dwelling units as rental housing for 5 years on the condition of heritage designation of the building to the satisfaction of the Director of Sustainable Planning and Community Development, and to direct staff to negotiate a tenant relocation plan for residents.

Carried

For: Councillors Alto, Coleman, Lucas, Thornton-Joe, and Young
Opposed: Mayor Helps, Councillors Isitt and Loveday

November 27, 2017

Regarding: Rezoning Application No. 00591 for 1122 Collinson Street

Honorable Mayor and Council;

It is being proposed that the existing permitted usage of 1122 Collinson St., comprised of seven (7) Light House Keeping units and one (1) self-contained apartment be improved by converting to an optimal permitted use of six (6) self-contained one (1) bedroom apartments.

The proposed interior renovation and upgrades create an apartment business model that ensures the building's rental operability and provides long-term financial stability for the building. The change to self-contained units will provide increased tenant security, hygiene and privacy; and will match exactly to the adjacent properties.

This interior re-configuration complies with Section 13 of the OCP, as it results in a net gain of 5 self-contained rental dwellings and increases the potential occupancy by 3 persons. It will reach a balance between securing the rental usage of the building into the future, as proposed, and allow the property to qualify for conventional financing. Traditional mortgages aren't currently offered for rooming houses; consequently, funds which could otherwise be used for maintenance, are exhausted as an interest expense.

The vendor was in a precarious financial situation last year needing to sell urgently, but felt trapped since all offers came from developers, interested in luxury strata conversions across both properties at 1116 Collinson St. and 1122 Collinson St. Please see addendum 1.

I was advised prior to my purchase, that Schedule G permitted the proposed rental reconfiguration within this character conversion and that only a building permit was required. I completed the purchase with approved financing subject to this reconfiguration. Although I was subsequently required to re-zone, I have persevered, because, I strongly believe my application, as submitted, effectively preserves the character of the building, conserves and improves desperately needed rental stock, respects the individual transition needs of existing tenants, and allows for the building to service its debt. I cannot personally afford to subsidize the building and its tenants any longer.

Tenant Relocation. I am a proponent of providing clear communication to tenants so that together we can ensure that they may smoothly transition to new homes. I have 15yrs experience providing only low turn-over, long-term rentals to Victoria with emphasis on neighborly integration, creating communal social space and empowering tenants to create permanence in their homes. I have been working diligently through a private relationship with an affordable housing provider, since November 2016, to provide existing tenants, the exclusive opportunity to the first rights of refusal for improved self-contained accommodations at a subsidized cost. This has worked well when there is a willingness, on the part of the tenant, to be assisted. Due to the relatively low number of rooming tenants remaining at the building (3 remaining), transitions will continue to be handled in a personalized manner on a tenant-by-tenant basis. Assistance has included, but is not limited to application support and due diligence, moving expenses, furniture ownership, rent-free periods, and rights of refusal. Please see addendum 2 and 3.

These addenda demonstrate my sincere intention and success in finding comparable housing alternatives for my tenants. I am committed to working together with the Fairfield Gonzales CALUC and City of Victoria to provide transparency on a relocation program that is already working well. Addendum 4 is a testimonial from one of the successfully transitioned tenants. Resolving this application will allow us to help plan the final transitions and ensure the few remaining tenants are equally satisfied.

Condition of Heritage Designation. As per your request, I have explored every aspect of heritage designation with Staff to determine if there exists a possible scenario that would be operationally prudent. We did not find a scenario under which heritage designation would be advisable. Designation is not prudent for my rental property because it allows an intermediary to frustrate the timing and cost of building repairs and exterior maintenance. I ensure tenants' comfort and safety by directly controlling the maintenance of the building. Please note that the Fairfield Gonzales Community Association had not requested such designation. I have willingly agreed to enter into a 10yr Housing Agreement with the City of Victoria. By which, Staff had indicated by email in May, that my application would receive priority processing, due to my commitment to retain rental housing.

Please consider that I had already defended the preservation of the original character interior of the era with Building Services, prior to ever knowing we would be facing the COTW for rezoning. City Building Officials' recommendations would have compromised most of it; however my architects found ways to both leave the exterior as it exists and to preserve the interior; albeit, at the expense of larger, more marketable suites.

If the preservation of era-specific character features is the reason for recommending Heritage Designation, then I have clearly demonstrated an earnest intent to accomplish this throughout my application. I am encouraging you to support and expedite this application because it finds a way to rejuvenate an aging rental building while:

1. Increasing the number of potential occupants from 9 to 12 persons;
2. Creating a rental configuration that is financially viable for the long term; and
3. Preserving the interior character, while requiring no material changes to the exterior.

Thank you for your consideration;

Cameron Stewart per 1087620 BC Ltd

To whom it may concern or Honorable Mayor and council,

Our family home at 1116 Collinson St. and the adjacent rental property at 1122 Collinson St. were sold to Mr. C. Stewart because of a long standing relationship and he was the only person interested in maintaining the rental nature of the buildings as our mother and us were no longer able to manage or maintain either of the properties due to declining health that affected our family. His original intention was to only 1116 Collinson St. We understood that financing our rooming house was a challenge for buyers, but required that both houses be sold together to unburden our family.

We support the changes required at 1122 Collinson St.

On Behalf of our late Mother's Estate.

Oliver Brooks

Hi Cameron,

When Rose Wolsochuk arrived as a tenant at the Manor, she has been very happy and is very thankful to me and you for your reference as a tenant. I am sorry that the additional two suites did not work out for your tenants.

The [REDACTED] Manor did not receive any response regarding those two suites.

I will continue to give you priority for future vacancies as they come available.

Sincerely,

F. Van Gaalen

ROSE WOLOSCHUK,

VICTORIA, B.C.

OCTOBER 16, 2017.

Dear Cameron Stewart:

I would like to take the time here to express my gratitude to you in regards to my move from your 1123 Collinson Street house.

The transition from a rental room to a bachelor suite here at Milton went well for me and I have no regrets.

You offered anything I wanted from your rental room to take with me. I took a table and chairs, lamp, kitchen items, etc. and I am thankful for them.

When I moved to Victoria 3½ years ago, all I had was one large pickup, beaten up, suitcase with my worldly possessions.

You also offered to help move me on leaving day with physical help and a truck. I declined because I had a couple of friends help me with that.

Thank you very much Cam!

Sincerely,

Rose Woloschuk

Rose

Rezoning Application Update for 1122 Collinson Street

1122 Collinson

Committee of the Whole Motion from October 5th, 2017

Rezoning Application No. 00591 for 1122 Collinson Street (Fairfield)

Motion:

That Council instruct staff to prepare the necessary Zoning Regulation Bylaw Amendment that would authorize the proposed development outlined in Rezoning Application No. 00591 for 1122 Collinson Street, that first and second reading of the Zoning Regulation Bylaw Amendment be considered by council and a Public Hearing date be set subject to preparation and execution of a Housing Agreement Bylaw to secure the six dwelling units as rental housing for 5 years on the condition of heritage designation of the building to the satisfaction of the Director of Sustainable Planning and Community Development, and to direct staff to negotiate a tenant relocation plan for residents.

Motion Addressed

- *Housing Agreement*
Council Motion:
"Housing Agreement Bylaw to secure the six dwelling units as rental housing for 5 years..."

Applicant proposal:
Housing Agreement to secure six dwelling units for 10 years
- *Heritage Designation*
Council Motion:
"...on the condition of heritage designation of the building..."

Applicant proposal:
Decline heritage designation
- *Tenant Relocation Plan*
Council Motion:
"...to direct staff to negotiate a tenant relocation plan for residents.."

Updated Recommendation

That Council instruct staff to prepare the necessary Zoning Regulation Bylaw Amendment that would authorize the proposed development outlined in Rezoning Application No. 00591 for 1122 Collinson Street, that first and second reading of the Zoning Regulation Bylaw Amendment be considered by Council, and a Public Hearing date be set subject to the preparation and execution of a Housing Agreement Bylaw to secure the six dwelling units as rental for 10 years to the satisfaction of the Director of Sustainable Planning and Community Development.
