

March 23, 2018

Erin Drew
Greenheart Health & Wellness
475 Gorge Rd E
Victoria, BC V8T 2W1

Dear Erin & team,

I am pleased to share the enclosed Burnside Gorge Community Association (BGCA) Annual Report for the 2016-2017 fiscal year.

We are proud of the work we do across our communities and have experienced success and positive outcomes for those we serve. On behalf of the BGCA Board of Directors and staff, I would like to extend our thanks for your contribution. Your continued support of the work that we do is greatly appreciated by all of us here and those we serve. We look forward to celebrating many future successes with you.

The BGCA provides a wide continuum of services and programs that respond to the needs of residents in the Burnside Gorge area as well as children, youth, families and seniors throughout Greater Victoria. We hope to continue being of service to our community for many years to come.

Sincerely,

Suzanne Cole
Executive Director

DISABLED RIGHTS ALLIANCE

A Non-Government Organization

9-3015 Jutland Rd

Victoria, British Columbia

Canada V8T 2T1-Phone: 590-8721, 778-430-3869 – Email: palmersteven747@yahoo.ca

June 20, 2018

The Disabled Rights Alliance is pleased to write this letter of support for The Green Hart Health and Wellness.

The Disabled Rights Alliance has provided support, intervention and empowerment for people with disabilities in Victoria since 2004. We are committed to providing responsible, informed information and advocacy for our members. This is particularly important for those of us who are older persons with serious disabilities and medical conditions especially those of us with prescribed medical marijuana by our physician.

On an effort to provide this information to our clients and members. We have done a thorough evaluation of many of the dispensaries now in operation and have found few of them that meet the needs of people with disabilities or are wheelchair accessible.

This is not the case with The Green Hart. This being the reason we stand behind them and for our request that you re visit the application for The Green Hart.

The Green Hart is not only wheelchair accessible it is also committed to employing people with disabilities who are grossly underrepresented in most areas of employment in our Province.

The Green hart has also worked closely with us to assure us that they are committed to providing safe and affordable access to these accessory resources.

Thank you for taking the time to hear our request.

Respectfully,

Steven Palmer

President of Disabled Rights Alliance

Business Name: MALIBU AUTOMOTIVE

To Whom it May Concern:

We submit this letter today in support of one of our business neighbours, The Green Hart Health and Wellness.

This cannabis dispensary has been located at 475 Gorge Rd E since the spring of 2016.

In that time, we have not encountered any challenges arising as a direct result of nature of their business. The outlet is outwardly clean and tidy and it appears loitering is discouraged.

The Green Hart Health and Wellness has also kept the public areas surrounding their property clean, initiated food drives and fundraisers on behalf of The Mustard Seed and The Cool Aid Society and worked building relationships with the local Community Association.

Based on the above, we don't hesitate to support The Green Hart Health and Wellness in their bid to seek rezoning at their current location.

Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read 'John Neely', written over a horizontal line.

To Mayor Lisa Helps and fellow council members"

My name is Patricia Morgan I live at 105 Wilson St. here in Victoria. I am a senior and I have multiple sclerosis. I have been buying my medical marijuana from Green Hart for over a year now. I chose to buy my medicine from Green Hart because they have top quality, lab tested medical marijuana at a reasonable price. The staff there are very knowledgeable about their products and they have helped me to build my awareness of cannabis products which has helped to remove my pain, aided in my insomnia and muscle spasms.

I hope they can remain in our community as a medicinal cannabis go-to retail outlet, providing medicinal marijuana and accessories in a safe, clean, bright open environment.

Thank you

Patricia Morgan
