Hi again Alan and Richa
Thank you for meeting with me on site at Glad Tidings Church today.

Your revised plan to connect the old and newer building seems like an intelligent and simpler solution.

As we agreed, you will make one further revision to retain all trees and suggest to the church to do some limb trimming to allow more lighting on the new/proposed entrance.

Jenny Farkas, Acting President
North Park Neighbourhood Assoc.

Hi Jenny,

Thursday would be great. Thank you.

Hi Richa

I could meet this Thursday or Friday at 10am at the entrance to Glad Tidings Church. Would that work for you?

I have cc'd the rest of the North Park Land Use Committee in case any other members wish to attend.

Jenny

Hi,

I would like to meet and discuss changes in the Development Variance Permit request for the Glad Tidings Church. We have decided not to ask for the 8 foot variance which would have pulled the lobby out to the sidewalk. We are however, enclosing the existing stairwell along North Park and added a small entrance along the street. Can I have a short meeting with relevant staff to discuss, so that we can get back to the Committee of the Whole meeting?

Regards
Richa Mishra
