

Council Member Motion
For the Committee of the Whole Meeting of January 31st, 2019

Date: January 15th, 2019

From: Councillor Potts, Councillor Loveday, Councillor Isitt, and Councillor Alto

Subject: Observed Inhalation Sites for Overdose Prevention

Recommendation:

THAT Council endorse the following resolution and direct staff to forward copies to the Premier of British Columbia, the Ministers responsible for Local Government, Health, Mental Health and Addictions, the Association of Vancouver Island and Coastal Communities (AVICC) Annual Convention, the Union of British Columbia Municipalities (UBCM) Annual Convention, and member local governments and regional districts within the Capital Region, AVICC and UBCM, requesting favourable consideration and resolutions of support:

Resolution: Observed Inhalation Sites for Overdose Prevention

WHEREAS British Columbia is currently experiencing an unprecedented public health emergency due to an unpredictable and highly-toxic drug supply;

WHEREAS smoking or inhalation is the second most common mode of consumption among all people who have died from a suspected illicit drug overdose and the most common mode of consumption among men and those between the ages of 15 and 29;

WHEREAS observed consumption services (i.e. supervised consumption services and overdose prevention services) are evidence-based harm reduction approach shown to reduce overdose-related harm;

WHEREAS there is not adequate access to observed consumption services that provide space for inhalation where communities are facing crisis;

THEREFORE BE IT RESOLVED THAT to ensure that people at risk of overdose across B.C. have access to observed consumption services that provide space for inhalation, that the Province of British Columbia work through local communities, Health Authorities across the Province, the Ministry of Mental Health and Addictions and the Ministry of Health to provide these services as part of a holistic response to the public-health emergency, including prevention, treatment, and recovery.
