Subject: RE: (REVISED) LL000279 Spinnakers Liquor Primary Change of Hours

Hi Ryan,

Comments:

We have no concerns regarding the earlier opening/service hours. This will not have any impacts on policing resources.

As for the later hours, this is the type of 'creep' that we are generally concerned with – having liquor seats extended into the late night and early morning hours.

What mitigates those concerns with respect to this particular application are:

- This is not in the downtown core where problems feed off each other
- An excellent track record of the business managing their customer base – excellent liquor service management (in terms of keeping a lid on undesirable behavior)
- Minimal residential impacts – the closest 'neighbours' are affiliated bed & breakfast guest houses.

Although we are alive to the extended hours, we don't have any strong objections to the application.
