

From: The Original FARM [REDACTED]
Subject: Sign the petition to help re-open FARM Hillside (with functional button)
Date: March 26, 2019 at 1:37 PM
To: [REDACTED]

WE NEED YOUR SUPPORT
**HELP RE-OPEN
FARM HILLSIDE**

SIGN THE PETITION

THE ORIGINAL FARM - HILLSIDE

FARM Hillside, 3055 Scott Street was approved provincially, but Victoria City Council has decided to send the application back to Public Hearing to again engage with the community.

We need your support to re-open FARM Hillside before being eligible for final inspection by the Liquor Cannabis Regulation Branch (LCRB)

Please help us in encouraging the City of Victoria to re-open FARM Hillside.

THE ORIGINAL FARM - DOWNTOWN

The Original FARM Downtown, 1402 Douglas Street, has been approved now both provincially and municipally and is weeks away from opening.

Our next steps will be our final inspection from the LCRB to obtain our official license. From there we will be able to order our inventory allowing us to re-open.

RE-OPENING TIMELINE

FARM Downtown Re-opening Timeline:

Aug 2018 - Provincial application submitted
Oct 17, 2018 - Closed in preparation for legalization
Feb 2019 - Provincial approval
Mar 2019 - Municipal approval
Apr 2019 - Final inspection from the LCRB*
Apr 2019 - Receive Provincial license
Apr 2019 - Place 1st order with LCRB
Apr 2019 - FARM Downtown Re-opens

FARM Hillside Re-opening Timeline:

Scottsdale Strata Resident Feedback re: The Farm Dispensary – April 2019

The following comments were received via email on 17 and 18 April. Names and contact details have been removed, though the originals will be kept with the strata administration.

1. I have no issues with the dispensary in our neighborhood. Parking will be an issue on our street no matter which business goes into that spot. With Farm, at least, it their clients are not parking on our street for long period, or after 8 pm. I am supportive of local businesses, and will be happy to provide supportive comments to council and sign their petition on their website.
2. My opinion on parking: low-volume businesses, as the ones that have been in that spot in the past, are generally OK in terms of parking, especially with the spots they have in their lot. However, The Farm is a high-volume business, and the spots in their lot are not nearly sufficient for the number of clients they service.

A couple of ideas/suggestions:

1. Can they make a deal with the building at 1644 Hillside (the one with Lansdowne Clinic, Pharmasave, etc) for The Farm's clients to use that lot?
 2. The Farm usually has a security person outside their door during their hours of operation. When seeing someone parking in the residential area and then entering their store, could that person remind them they could be ticketed for parking in the residential zone, and suggest they move their vehicle either to The Farm's lot or to the 1644 Hillside lot around the corner?
 3. Can the city increase patrols/ticketing of vehicles parked in the residential zone? (ideally, that may also curb the people illegally and dangerously crossing from the Hillside Mall parking lot into Scott St and vice versa - many of them clients of The Farm)
3. I am not opposed to the dispensary, my concern is the lack of parking. I reread your email & the letter that Allan Lingwood, Head Compliance, left at my door, and it seems that the parking problem has been addressed, whether or not any success comes from the initiatives, will remain to be seen. I don't know if it is possible to have Scott & Myrtle streets patrolled more often & ticketed to deter people from using the 'Residential Only' spots? And not to just point a finger at The Farm, the other businesses that share the parking lot also need to be diligent in educating their clientele to be considerate of the fact that these are our home and we, or our company should be able to park in front of our own homes!
4. I've spoken to some people from the farm and voiced my opinions. Bottom line for me is that I think they are a good business neighbor and there's a parking issue on our street. I am not sure that we would have control over any other business that moved in there and we would always have the same parking issue. It's not because it's a marijuana dispensary and in my opinion The fact that they are willing to meet with us and I was wanting to hear our concerns speaks to their desire to fit into our neighborhood.

Dear Mayor Helps and Council,

My name is [REDACTED] and I am writing in support of The Original Farm cannabis retail store application at 3055a Scott Street. I own and operate [REDACTED]
[REDACTED]
[REDACTED] I am encouraged to see a local business take care of their staff as well as Farm does.

[REDACTED] was always greeted warmly by staff at their very clean Hillside location. The level of care they put into staff and the cleanliness of their stores inside and out should be commended. Please support their provincial application so they may continue to serve the Oaklands community and represent what great cannabis retail looks like for the rest of the country.

Please keep my personal and business information confidential. Thank you for your consideration.

To Mayor Helps and Council:

We have been involved in HVAC projects at both Farm locations to go above and beyond creating a smell free environment for surrounding tenants and customers. Both locations have had mechanical engineers design a custom system with no expense spared as the Farm owners take extra precautions to keep neighbors happy. RedBlue has worked with the Farm for several years now and would be happy to discuss the HVAC design with any planners going forward.

I would highly recommend this retailer considering their attention to detail and respect for their surrounding community.

Thank-You,
Jordan Owen

President

I have been an employee of The Original Farm since October 2016 and lived a few blocks away on Lionel St.

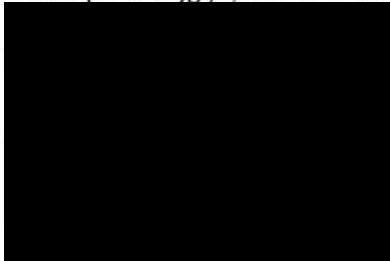

The Original Farm has provided safe access to cannabis since I first moved to the neighbourhood and from my observations and experience as a customer I have to say that the staff and overall company philosophy promotes safety within the neighbourhood. The hillside location has curbed the black market activity within the community. In the time before the opening of Farm Hillside the black market proliferated in the neighbourhood by having sketchy cars and dealers constantly driving the streets trying to sell illegal cannabis. Farm effectively pushed those people out by creating a safe space for people to have access to cannabis.

As an employee I have first hand witnessed the passion and care the owners and all the staff have for creating not only a safe sustainable business for cannabis consumption but also the amount of jobs they have created. My livelihood and that of many others depends on the hillside location to get up and running. We are good for the community and great for the economy.

If the focus is to get black market product off the streets and out of the hands of minors, having a legally operated, secure and licensed store is your best bet at achieving that goal

Please keep my information confidential and thank you for your support.

We hope to all get back to work as soon as possible.

April 16th / 2019

Dear Mayor and Council of the City of Victoria

Regarding The Original Farm, I fully
endorse the re-opening of "The Farm"

Dear Mayor Helps and Council,

My name is [REDACTED], I am in support of The Original FARM cannabis retail store application at 3055 Scott Street. I own and run a business [REDACTED] [REDACTED] I've not heard any negative feedback from my customers regarding our local dispensary just a block away, in fact only positive.

I've personally had no issues with The Original FARM over the past and I feel they're of more benefit than nuisance for the neighbourhood. It's a welcoming store which is clean inside and out, bright and has friendly professional staff. We haven't had an increase of nuisance in the area since they've opened and it would be a shame if they were to close permanently. We do not see an abundance of youth in our commercial district therefore do not fear any exposure of cannabis to children.

Locals need and deserve access to cannabis in the Oaklands Fernwood neighbourhood. Please ensure our neighbouring business is empowered to re-open quickly. They are missed.

Please keep my personal information confidential.

Thank you,

[REDACTED]

RE: 3055A Scott Street, Victoria, BC

The purpose of this letter is to lend support for the business located at 3055A Scott Street, Victoria, BC, known as The Original Farm. My firm is located just over one block due west of this business in the Hillside Professional Building. Tenants within our building range in tenants from the BC Cancer Society, accountants, real estate property managers and most recently a daycare. The daycare was the most recent tenant to move into this building and occupy a ground floor space with an outdoor play area at the rear of the building that fronts along Myrtle Avenue just 1.5 blocks from the Original Farm store.

We have been tenants of this building for 5 years this fall; but most importantly most of our staff including myself live within a 5 to 10 minute drive of this immediate neighbourhood. Therefore we are very conscious as well as sensitive to any changes both negative or positive that would impact not only our work lives but personal lives within this community.

When I first noticed the Original Farm signage outside two commercial retail units within the building at 3055 Scott Street I was unsure as to what type of traffic it would attract or business characteristics it would have. Admittedly, I am unfamiliar with this sector and industry; hence when there was a small influx of medical marijuana retailers to the Capital Region I was unsure what the impacts would be on their respective neighbourhood and communities.

However, my staff and I frequently go the adjacent café, restaurants, bank and other retailers that are located adjacent to or across from this space. Therefore, over the last 5 years we have consistently been able to observe most of the local businesses in the area and their impact to the community. To be honest, I often forget about the Original Farm being so close to our office due to its discreet and professional signage and window coverings. Almost on a daily basis I walk from my office to Hillside Coffee & Tea or the Hillside Mall, where I see very minimal increased traffic (pedestrian or vehicle) volumes to this area that would be directly related to the Original Farm. I have never had any undesirable encounters and it just looks and acts as any other business/storefront in the area. In fact I often notice synergies between the retail plaza business as I have seen people leave the bank to go the coffee shop, stop into Original Farm and then continue to another store in one of the several commercial centres in the immediate area.

In the beginning when we moved our firm to the Hillside Professional Centre, I was curious as to the type of customers the Original Farm would attract. Again I will admit, given my lack of experience or understanding of this sector I had my preconceived notions and stereotypes. However on this personal note, I am grateful that through almost daily observation and experience that my previous "ideas" of the type of clientele or impact to the neighbourhood this business would create were completely incorrect and prejudicial. To tie it all back to my earlier comments on my own office building, the last tenant to move in to our building was a daycare. They would have completed their own due diligence as part of their decision to have a child minding business in this area and found it to be a suitable and safe neighbourhood. From my understanding this daycare was fully booked with waitlists before the doors were officially open.

I have followed their progress and talked to the principals regarding their views on compliance and company philosophy. I respect how they have followed proper procedure every step of the way since their inception regardless of the initial financial losses in lieu of long term sustainability and compliance. I also respect the cost outlay to ensure their retail storefronts are presentable and professional as to be commensurate with other retail stores.

In conclusion, as a local business owner in the area and nearby resident, I have no objection to the Original Farm to re-open its doors.

Respectfully Submitted,

My Phung, AACI, P. App.
Principal and Senior Appraiser

To whom it may concern,

We at Hillside Coffee & Tea, located at Unit 103 - 1633 Hillside Ave, are reaching out to you to voice our concern with the recent closure of The Original Farm dispensary located next door to us. Since their closure post legalization our business has been negatively affected, the foot traffic generated by shared customers has decreased drastically and we find our daily sales diminishing exponentially.

Farm has always been a consistent, positive presence in our area and has shown much integrity towards the local community. We fear the longer they are closed the more the businesses in the Hillside area are being negatively impacted; and could have long term repercussions for small business owners.

With support of The Original Farm, we write to you in urge to expedite the licensing for The Farm establishment in hope we can see them re-open their doors ASAP, strengthening the current economic situation in our local area.

Kind regards,

A handwritten signature in blue ink, appearing to read 'Michael Kowalewich', is written above the printed name.

Michael Kowalewich

To The mayor and Council

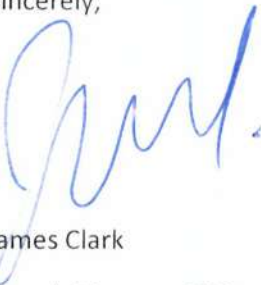

Re: Farm

I am writing in support of the Original Farm's municipal approval for a provincial application. I have been working at the Royal Bank Location at 1625 Hillside Ave for the past 13 months. I do not speak for RBC, but as a private citizen who has worked in a location 100 meters from their storefront and have likely had their clients in our branch.

In the time I have been working at this RBC location we have had no problems with Original Farm's clients in terms of intoxication, vagrancy, loitering or additional noise. They have been a respectful and conscientious neighbor.

I look forward to sharing a parking lot with them for years to come.

Sincerely,

A handwritten signature in blue ink, appearing to read 'James Clark', with a stylized, cursive script.

James Clark

Branch Manager RBC

Dear Mayor Helps & Council,

My name is [REDACTED] and I am writing to say that I am in support of The Original FARM cannabis retail store application for 3055 Scott Street. I work in the area at a neighboring business called Romeo's on Hillside and spend a lot of my time in the area. While I don't speak on behalf of Romeo's, I can say with certainty that I have not had any negative experiences with the retail store and its location.

Although I am not a cannabis user I have nothing but positive remarks regarding the store and its operation. When I have been in close proximity to the store the staff have always been pleasant and the outside of the store is always clean and free of garbage or mess. I have not had any experiences with public consumption or loitering outside the store. I can also say that I have never had any unpleasant interactions with any of the store's customers. I appreciate the store's concern for how they serve a controlled and regulated product. I do not ever see an abundance of youth in the neighborhood and have definitely not seen any signs of children being exposed to the store or its products.

This location is fit to serve this neighborhood and I am in full support of their application to continue their operations.

Please keep my information confidential.

Thank you,

Property Management

April 9, 2019

The Honourable Mayor Helps and members of Council,

I am the land owner of the properties at 3055 Scott St and 1633 Hillside Ave. As such, I am writing this letter in support of my tenant The Original FARM. Admittedly, I too had initial concerns about a cannabis dispensary moving into one of my buildings, so I'm pleased to be able to say that FARM has been an exemplary tenant for the last four years.

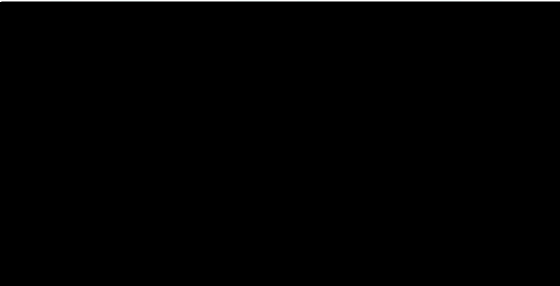

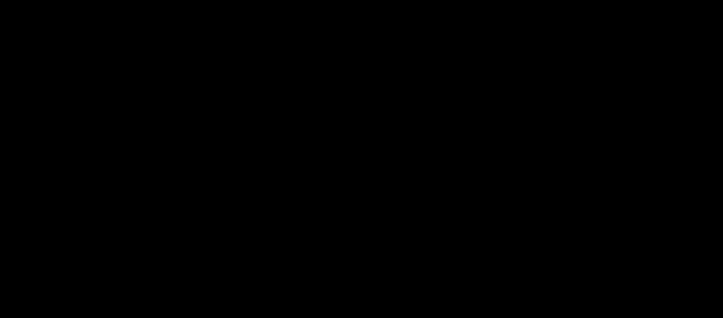

Their significant investment to the exterior of their store in the form of discrete signage, beautiful landscaping, and security staff showed me that they are enormously committed to being a positive addition to the community. They operate a very upscale operation, and their customers have always been very respectful of neighbouring businesses, with no complaints of any loitering or smoking out front.

Although there have never been any major issues or complaints about the dispensary or their customers, they have still been very responsive in addressing any minor concerns their neighbouring tenants may have, and are proactive in ensuring issues don't arise. I was disappointed to hear of the concerns from the community regarding parking and youth in the community as in my personal experience of owning these properties neither are true. There is a very busy Shelbourne street as well as other high volume businesses, like Pharmasave, that separate the school property from my property. It is a unique community all its own, entirely separate from the Shelbourne corridor and Hillside Mall. This commercial zone runs from 1633 Hillside Ave all the way up Hillside covering three unique strip malls on the Hillside corridor opposite Hillside Shopping Centre. These are a collection of high volume businesses that cater to the Oaklands community and offer their customers, primarily 30-70 years of age, ample parking.

Sincerely,

Magjit Dhariwal
A.H.K. Enterprises Ltd

E-mail: 

April 5, 2019

To Victoria City Council,

It is my pleasure to write this letter of support for The Original FARM at 3055 Scott Street, and specifically the value and impact of their educational initiatives with businesses like our own. [REDACTED], we help maintain independence and quality of life with local, loving in-home care. [REDACTED] caregivers travel to clients' homes to provide care services and living assistance, allowing seniors and disabled individuals to live comfortably and independently.

Our caregiving team of 65, are finding that quite a few of the clients in their care are using cannabis as a means of treatment for symptoms of various chronic ailments. As a result, our management team identified a knowledge gap of why, how, and for what our clients were using cannabis.

With the support of FARM educators, Andrew Gill and Allan Lingwood, our management and leadership team were able to gain a much better understanding of a few topics, including the insights required in understanding where Canada and the province are at with legalization and conversing around the business implications for our industry. We also gained further insight into the rationale as to why people are using cannabis in healthcare, administration methods, and common ailments that FARM members have found advantageous for treating specific ailments and symptoms.

This professional development activity has had a lasting impact for how our team is trained and how they converse and show empathy for the clients we serve. The last thing we want our caregivers to do is unnecessarily stigmatize those in our care. The cannabis industry and its impact on society and individuals needs to be understood as Canada moves to legalize this industry. There is huge potential for this industry to impact the country positively in so many ways. The key is that we remain open to learning what that looks like and collaborating toward what excellence looks like in our various fields.

We would like to invite FARM back to our offices for further cannabis education once our team is ready for more. We would encourage city council immediately recommend the Hillside Farm store due to their ongoing professionalism within this new local and national industry. Please keep my business and personal information confidential. Thank you for your consideration.

Sincerely, [REDACTED]

April 16, 2019

Mayor Helps and Council
Legislative Services Department
1 Centennial Square, Victoria, BC, V8W 1P6

I wanted to express my excitement about the re-opening of The Original FARM's downtown location and also encourage the re-opening of their Hillside location.

As the land owner at [REDACTED] I know FARM is going to be a great addition to the already bustling success of the downtown core. Based on their operating history in this location I know them to invest in community and work to elevate the neighbourhoods they work in.

I know The Original FARM will excel in enriching the downtown core along Douglas and Johnson street. When council decides to re-open FARM Hillside, the Oaklands community will similarly advantage from the same enrichment and dedication to building a vibrant community that our section of downtown has experienced.

Please keep my information confidential.

With thanks,

April 17, 2019

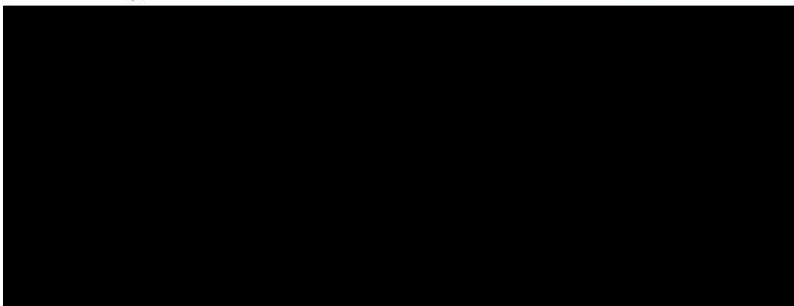

Dear Mayor Helps & Council,

I wanted to write to you in support of The Original Farm Hillside, I was hired as their head accountant in June of 2018. Ever since joining the team I have continually been impressed with our organizations commitment to delivering quality service and value to our community. Our owners Allen Spillette and Michael Supowitz are dedicated to providing a professional experience to our customers while ensuring we are following all provincial and municipal regulations.

Throughout our closure they have retained our staff in order to ensure that none of our employees were left out in the cold. We pay all our staff a living wage and ensure that they have the tools to succeed. We have also donated \$250,000 to local charity since my time here and want to continue to support our community by giving back. By not allowing us to re-open you would be costing some of our hard working staff their jobs, in a city where it is already hard enough to make a living.

Please keep my personal information private and confidential.

Sincerely,

To: Victoria City Council and Staff

From: Travis & Sarah Lane
2957 Scott St
Victoria, BC
V8J 4R7

We are writing this letter in support of The Original Farm location at 3055a Scott St. While we appreciate the process that Victoria is following, it is our opinion that this location should be allowed to open as soon as possible, in order to provide access to legal cannabis products for the surrounding neighbourhood.

It is our view that The Original Farm provides a number of benefits to local residents. They are excellent community members, their business creates good jobs in the area, they have been approved by the province, and there is no noticeable nuisance from the location.

When it comes to the typical concerns around such a business, we perceive them as virtually non-existent. Living a block away from the Scott St location, we have never noticed any odour from the location. Traffic in the area will hardly be impacted by the cannabis store, as Hillside mall, McDonald's, Thrifty Foods, and many other high-traffic businesses are in the immediate area, all creating more of a traffic issue than The Original Farm. The traffic is actually more of an issue one block west of Scott, on Shakespeare St.

In fact, it seems like this is an ideal location for a cannabis retailer. The area is a central commercial area, with retail and service outlets everywhere. There is a liquor store, a pharmacy, and a grocery store across the street at Hillside Mall, with a number of restaurants and fast food outlets neighbouring The Original Farm on their side of Hillside Ave.

Cannabis retailers are needed to provide access for Victorians, and it makes sense to place them where the services mentioned above are also located, allowing residents to make a single stop in a centralized area for all their goods.

We would be amiss if we failed to mention The Original Farm's history. Victoria was once a hotbed of unlicensed dispensaries, with The Original Farm being the consensus best actor in the city. To our knowledge, they have done everything possible to comply with city by-laws, and closed their doors proactively when provincial licensing became possible. It is our opinion that they deserve to be allowed to open quickly, as they have made the tough business decisions required to be leaders in this field.

In conclusion, we are proud to live in a city that has been historically progressive on the cannabis file, and we will be proud to have The Original Farm open their doors in our neighbourhood, a block from our front door.

Thank you for taking the time to read this submission.

Sincerely,

Travis & Sarah Lane

1 Centennial Square, Victoria, BC, V8W 1P6

Dear Mayor Helps and Council,

My name is [REDACTED], and I am writing you in support of my employer The Original FARM cannabis retail store at 3055a Scott Street. [REDACTED]
[REDACTED]

As a new father and cannabis advocate, I can certainly appreciate that there are retailers in Canada which maybe should make parents nervous entering their community. I am writing to assure you that FARM is a high integrity operator in the emerging cannabis retail space and that the Hillside location is a very discreet location for surrounding residents to access cannabis.

Our customers are educated during their shopping experience as to what responsible use looks like by product as well as to leave product and receipt in bag until they've left the premises and the area surrounding our stores. I have educated many parents in proper storage and keeping it out of reach and temptation from children. We have kept great rapport with our customers and have generated a lot of mutual respect amongst them all thanks to our service style.

Please get me back to work quickly! I would please request that you keep my information confidential. Thank you for your consideration,

[REDACTED]

ALLIANCE OF BEVERAGE LICENSEES FOR A RESPONSIBLE LIQUOR INDUSTRY

April 17, 2019

To whom it may concern,

On behalf of British Columbia's Alliance of Beverage Licensees (ABLE BC), I am writing to express support for The Original Farm's cannabis application located at 3055A Scott Street, Victoria BC.

ABLE BC is the united voice of BC's private liquor industry, representing private liquor stores, neighbourhood pubs, nightclubs, and hotel liquor licensees. Throughout our organization's history, ABLE BC has been proud to work collaboratively with our provincial and municipal government partners to promote fair, transparent regulations and policies that encourage business investment amid highly-regulated industries. Our 1,000 members operate in every region of the province, directly employ nearly 100,000 British Columbians, and contribute several billion dollars to BC's economy every year. As of late 2018, we also advocate on behalf of legally licensed retailers of non-medical cannabis.

We strongly support Victoria's goal of ensuring that legal, adult-use, non-medical cannabis is retailed safely and responsibly in the best interest of your citizens and families. We believe our industry's decades of experience retailing a controlled substance safely, proven track record of enforcing age-controlled environments, and demonstrated history of complying with a rigorous enforcement and inspection regime, make us uniquely suited to offer policy and licensing expertise related to licensing and enforcement of liquor and cannabis.

As we work to help build a legally-compliant, socially-responsible non-medical cannabis retail industry in BC, we are proud to stand behind retailers who have demonstrated a clear commitment to education and fostering positive relationships with their local community. The Original Farm has clearly met this bar. Not only have they contributed positively to their community by focusing on cannabis education and public safety, they have also consistently stepped up into leadership roles in the broader industry.

.../2

For example, I know from personal experience that Allan Lingwood—The Original Farm's Head of Compliance—has invested significant time in educating and informing colleagues and businesses in the cannabis, liquor, hospitality, and tourism industries. I have personally appeared on panel discussions with Allan at the annual BC Tourism Industry Conference, the Vancouver Island Economic Summit, and a meeting of Island Saving Credit Union's directors and branch managers. From our perspective, the Original Farm has demonstrated a clear commitment to working productively with community members and to be socially responsible, compliant operators—in many cases anticipating the regulatory requirements that came into force after October 17, 2018.

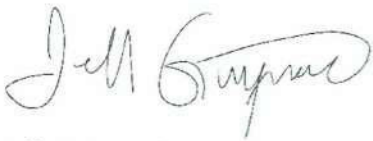

Simply put, The Original Farm is exactly the sort of non-medical cannabis retailer that will help build this nascent industry responsibly. The City should not hesitate to support their application.

Thank you for your time and attention. Please know that, as our industry continues to evolve, ABLE BC remains at your disposal to offer advice on these and other liquor issues.

Should you require additional information, please do not hesitate to contact me directly at

[REDACTED]

Sincerely,

A handwritten signature in dark ink, appearing to read "Jeff Guignard". The signature is fluid and cursive, with the first name "Jeff" being more prominent than the last name "Guignard".

Mayor Helps and Members of Council
Legislative Services Department
1 Centennial Square, Victoria, BC, V8W 1P6

Dear Mayor and Council,

I have recently been informed of the struggle our local dispensary is going through in becoming a recommended business by the city. I live very close to The Original Farm, 3055 Scott Street. I have two young children and I have absolutely no concerns about the location or continued operation of the business.

The Original Farm has done nothing but positively impact the surrounding area. They maintain a very tidy storefront and the landscaping, gardens and planters are well maintained. They improve the look of the neighborhood.

Aside from their pleasing aesthetics, they contribute to the local economy as they are a destination for people throughout the city and they therefore increase foot traffic passing by the surrounding businesses and ultimately contribute to their increased sales.

I have never purchased any products from The Original Farm, however I know many people who have over the years for reasons ranging from having Multiple Sclerosis to kidney failure and even cancer, and all with medical marijuana licenses. According to them they were always greeted by a doorman who would verify that they were of legal age and if they were not able to provide the legally required proof then they were denied entry to the store. The Original Farm provides people who are suffering physically and mentally with a product that provides them with relief. If closed then you would be denying people access to products that not only greatly assist in managing their discomfort, but you would also be denying people access to a product that literally fights cancer as it has been scientifically proven to have such strong anti-carcinogenic properties.

The Original Farm is located in the middle of a commercial district and there is a significant distance between this store and the local schools. I rarely see children walking in front of, or around this store and more often than not the businesses in the neighborhood are visited by adults such as university students or professionals on a break from work. While walking through the neighborhood I have never seen any loitering or public consumption of marijuana anywhere near The Original Farm.

The above listed reasons are why I am encouraging the city to re-open this anchor business in our community. I doubt that anyone is uncomfortable having this business in the neighborhood as it would be very hypocritical considering the fact that there is a private liquor store 2 blocks away and a BC Liquor store within eyeshot of the middle school. They have operated all these years with no issues

Dear Mayor Helps and Council,

My name is [REDACTED] and I am in support of The Original FARM cannabis retail store at 3055 Scott Street. I live [REDACTED] close to the Farm store. I pass by the store often and never see any loitering or public consumption outside the store or in the neighborhood.

The storefront improvements and landscaping have raised the aesthetic of our neighborhood and their efforts should be praised. We do not see many youth in the area as the young children at Lansdowne stay close to the school, there are no site lines to the school grounds, and there are many buildings and busy streets between the two.

Please allow this leading business to show the rest of Victoria what responsible service looks like and clearly communicate to Victorians the businesses that are running legal operations and illegal operations. Please keep my personal information confidential.

Thank you for your consideration,

April 9, 2019

To Mayor Helps and Council,

My name is [REDACTED] and I would like to encourage council's decision recommending The Original FARM cannabis retail store, 3055 Scott Street, for provincial license. [REDACTED]. Please keep this communication anonymous and confidential.

This is the most professionally run cannabis store in Victoria and it is confusing to me as to why my community finds anything wrong with this store at this location. There are never any customers using cannabis in or around the store and there is significant space between them and any surrounding schools.

This is a great business, a good neighbor, and a contributing member of the community

Thank you for your consideration,

April 9, 2019

Dear Mayor Helps and Council,

My name is Connie Lee Ahern I am in support of The Original FARM cannabis retail store application at 3055 Scott Street. I own and run a business in close proximity at 115-3066 Shelbourne Street. The name of my store is Shelbourne Optical and I am in service to locals in the area everyday from this location as an Optician

I've personally had no issues with The Original FARM. I was impressed to see this cannabis store open with a very professional design and high esthetic consideration. I have been in the store once, again I was impressed they have very well-trained staff, the store inside was clean, bright, there were other people coming into the location while I was there, there was nothing offensive in any way. I have not experienced an increase of nuisance in the area since they've opened. I have not received any negative feedback from my customers regarding this local dispensary just a block away. I regularly walk by The Original FARM location, at least twice a day; I am impressed to see their attention to security with a person often outside the main door. I have also noticed that people going into the business must access through a controlled/locked door.

I expect that locals that want access to cannabis in the Oaklands Fernwood neighbourhood would feel very comfortable going into The Original FARM. I feel the approach the owners have chosen, provides their clients with a very professional experience.

Thank you,

Connie Ahern, Owner/Operator
Shelbourne Optical

Dear Mayor Helps and Council,

My name is Lyra McLean and I am writing in support of The Original FARM cannabis retail store application at 3055 Scott Street. I own and run a business in close proximity from this business and have experienced zero negative impact from their previous operations. The name of my store is Momease Baby Boutique and I am in service to local new mothers, expectant & new parents, and grandparents every day from this location. I've not heard any negative feedback from my customers regarding our local dispensary just a block away.

I've personally had no issues with The Original FARM over the years and I feel they're a good fit for the neighbourhood. It's a welcoming store which is clean, bright and has very well-trained professional staff, as well as security to ensure legal eligibility of entrants. We haven't had an increase of nuisance in the area since they've opened and it would be a shame if they were not able to reopen following this application, given that they employ so many people in our local community and provide a necessary service.

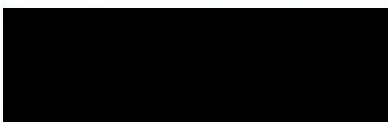

We need access to cannabis in the Oaklands Fernwood neighbourhood. When they have re-opened I will be going into the store to check it out as I've heard their staff are the most helpful and knowledgeable in their field!

Thank you,

Lyra McLean

THE
VILLAGE

April 3, 2019

To Mayor and Council,

I am writing you to support the Original Farm Victoria's Hillside opening as a father, a customer, and most importantly a small business owner.

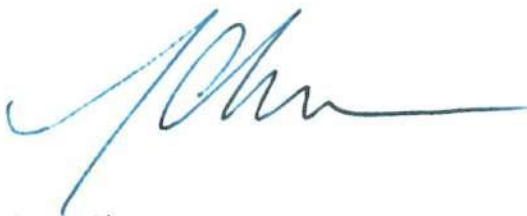

I was born, raised and currently reside in Victoria in which I have strong ties to the community. I am one of the operating partners of The VILLAGE, five eateries in total, Oak Bay, Downtown, Cook St. Village, Royal Oak and Gordon Head.

Without a doubt the absence of The Original Farm on Hillside has impacted the community in a negative way. We share clientele and the overall sentiment has been one of loss to not have this business operating in our community.

We have many friends and family within our Village that uses cannabis for relief of various medical conditions that do not feel comfortable obtaining cannabis illegally. Having a safe, clean, legal environment with knowledgeable staff is key. Shopping online or in a black market dispensary is not what our community prefers. This is very clear not only feedback but from the success The Original Farm has had leading up to this point. They have done everything right and are now being punished for it.

I have been informed that one of the major issues with re-opening is the proximity to Lansdowne High School. To this I would say it is not any closer than to the pharmaceutical, cigarette or liquor store. Cannabis doesn't kill. The other three do. Furthermore The Original Farm has never had an infraction in its years of operation, not one. I would also assume that a small business that is willing to shut down operations taking massive revenue losses to be on the right side of the law is one we can trust to ID a minor. I respectfully ask those in power to really consider these points carefully opposed to blindly interpreting a bylaw when deciding the fate of a small business that makes our community better.

Sincerely,

Jason Chan

Re. FARM Hillside application for municipal business licence

Dear Victoria Mayor and Council,

This letter confirms that FARM Hillside is a member in good standing with the Greater Victoria Chamber of Commerce.

As the largest organization in the region representing Greater Victoria's businesses, The Chamber works to build good business that abides by the rules and regulations of all levels of government.

The Chamber believes that cannabis producers and retailers need to be able to operate within the law as productive members of the community.

The legitimate cannabis industry represents a tremendous economic opportunity for our region, as well as a chance to improve safety standards for workers and consumers.

FARM Hillside is in compliance with all of The Chamber's membership requirements.

Sincerely,

A handwritten signature in cursive script that reads "Catherine Holt".

Catherine Holt
CEO, Greater Victoria Chamber of Commerce

Victoria Mayor & City Council
c/o Victoria City Hall
1 Centennial Square
Victoria, BC V8W 1P6

The purpose of this letter is to demonstrate The Original FARM's (FARM) corporate support of the BC Cancer Foundation and the impact of their generosity to Vancouver Island patients.

In May 2015 FARM committed to donating every \$2 ATM service fee collected to BCCF to support life-saving immunotherapy cancer research taking place in Victoria at the BC Cancer's Deeley Research Centre. In 2018 when the BC Cancer Foundation launched a \$5 million campaign to bring a PET/CT scanner to Vancouver Island, FARM committed to continue their ATM fee campaign to help. FARM's donations of \$150,000 to research and equipment will help change the outcomes for cancer patients on Vancouver Island and beyond.

The BC Cancer's Deeley Research Centre is one of the first sites in the world to pioneer an immunotherapy research program that uses genomic approaches to generate more precise and potent immune responses against cancer. With immunotherapy comes the hope that all British Columbians will have access to the best treatment options and fewer families will face the devastating loss of a loved one in the future.

The PET/CT scanner is proven as one of the most useful tools for obtaining a complete picture of a patient's cancer, with the ability to detect cancer cells at an early stage. Thanks to the generosity of FARM along with thousands of others, this crucial equipment will be in operation at BC Cancer-Victoria this summer.

The BC Cancer Foundation is deeply grateful for The Original FARM's support through the donation of ATM service fees. It is because of such generosity that significant progress has been made on these priority projects at BC Cancer-Victoria.

Sincerely,

A handwritten signature in blue ink, appearing to read "Cynthia", with a long horizontal stroke extending to the right.

Cynthia Durand-Smith
Director, Vancouver Island

Subject: Letter of Recommendation - Farm Victoria @ Hillside

Hello Ben, we haven't had the pleasure of meeting in person yet - my name is Greg Wallis.

As you can tell from the subject line, I am writing you to support the re-opening of Farm Victoria's Hillside location. Allow me to provide some background information on myself to help you better understand my values, reasoning and point of view.

I was born, raised, and currently reside in Victoria. First and foremost, I am responsible for the happiness and safety of my young family (my wife, 3 year old girl, 5 year old boy), and would not recommend anything if I thought it would have a negative impact on them, or any family.

I am also a local business owner, employing 13 full time staff at our downtown Victoria office and production facility. Prior to setting up this office, I co-founded a youth basketball program in 2006 that has coached and mentored over 3,500 young athletes. This basketball program is still running to this day and, coincidentally, is just several blocks away from Farm Victoria's Hillside location.

As a Victoria native, family man, business owner, and mentor to young athletes, I fully support the reopening of the Farm Hillside location.

I believe their operators to be of the highest integrity in the industry. They have willfully donated over \$250,000 to charity, operated at their Hillside location without incident for years prior to official legalization, and have voluntarily shut their doors since October 17th, sacrificing nearly half a year of revenue while their competitors remain open.

Seeing the Farm Hillside operators subjected to multiple hearings and reviews, stretched out over months while their losses accrue, is something that I empathize with as a business owner.

I understand that one of the key issues is the proximity to Lansdowne Middle School. Not the school itself, but the edge of their vast property. If there have been children from this school that were able to access Cannabis products at Farm Hillside, that would be a major concern. Have you had any reported incidents of this nature? If not, I hope common sense will prevail.

If you would like to discuss this matter further please do not hesitate to reply or call my direct line - [REDACTED]

Regards,

Greg Wallis / Director

Date: March 27, 2019 at 4:06 PM
To: legislativeservices@victoria.ca
Cc: [REDACTED]

To whom it may concern:

I was deeply disappointed to read that a decision has been made to hold a public hearing in regards to licensing of The Farm's Hillside Avenue location. This company has complied with any and all regulations including closing their store on the day cannabis became a legal substance (unlike several other dispensaries in town). I'm sure this has created hardships and anxiety for both owners and staff. As a customer who lives in the neighbourhood, I am in disbelief that it has been five months and they still have not been granted the necessary license to re-open at this location. The federal government has badly mishandled cannabis legalization but the province, and now city council, has compounded the delay.

For context, my partner has a medical prescription for cannabis for pain. Last year he also battled cancer and we found that the products available at The Farm helped him immensely with pain and nausea and insomnia. We would like to see The Farm re-open as quickly as possible and ask that any further delays be dealt with quickly so we can again have access to this valued local dispensary. I have nothing but praise for the business and staff who work there. I have always been treated with courtesy and professionalism and look forward to their quick return to business.

I would appreciate hearing the rationale/reasoning behind a public hearing and the date it will be held as I will attend to support their application.

Respectfully,
Susan Bowen

ps: I was directed to the city's website to view materials relating to this matter. Several correspondents had written letters in opposition to the location of the dispensary and requested that their contact information be kept confidential. I could clearly read their names, addresses, email addresses, etc. through the black ink used to redact personal information at the following link:

THE FERNWOOD INN

March 26, 2019

To City of Victoria Mayor and Council,

I am writing in support of The Original FARM, Scott Street location as the owner of The Fernwood Inn & Fernwood Pizza Company, both liquor licensed establishments. Myself, as well as many friends, have frequented the Hillside FARM location in the past and are confused as to why there has been such delay in honouring FARM's responsible service.

As liquor service establishments, responsible alcohol service is of utmost importance in training my staff to maintain a safe restaurant environment for my guests. I have come to respect FARM enormously for their responsible service as well as maintaining a safe store for their patrons. Inspired by this, I have been able to draw on what FARM are doing and improve my own business and staff training.

The Original FARM store leads our community in so many ways, proven by the fact that I don't feel as comfortable frequenting another dispensary. Please expediate the re-opening and license FARM again for the betterment of the Fernwood and Oaklands Community! Hopefully they will be able to enter new municipalities soon so that they may showcase how it should be done there as well, setting the benchmark for others.

Thank you for your consideration,

Mike Colwill

Owner of The Fernwood Inn & Fernwood Pizza Company

[REDACTED]

Dear Mayor Helps & Council,

I wanted to write to you in support of The Original Farm Hillside, I have a son who attends Landsdowne Middle School and I have no concerns over the proximity to his school. I would like to have a professional and responsible business in the area to help stamp out the black market. I have no concerns over any of the kids at the school gaining access to cannabis through The Original Farm Hillside, or negative impacts from exposure to cannabis retail stores. I am more concerned that unlicensed stores such as Tree's, who are clearly in violation of our laws, will not be diligent in keeping cannabis exposure professional and discrete. Not only this but they continue to buy from and support the black market.

I would implore you to allow The Original Farm to reopen in order to provide those that need safe access to cannabis in their community and allow them to help combat the black market.

Sincerely,

A handwritten signature in black ink, appearing to read 'Paul Krutzman', with a large, sweeping flourish extending from the end of the signature.

March 21, 2019

Mayor Lisa Helps and Council
City of Victoria

I am writing this letter in support of the Original FARM. I have been a Member since late 2017. I use CBD products which are the non-hallucinogenic side of cannabis. I used to shop at the location on Hillside Avenue at Scott Street. The first time I went into the store, I was happy to see the layout of the store which was very fine. It was so clean and well laid out. The staff were very helpful and knowledgeable.

In December, 2019, I had the pleasure of meeting Allan Lingwood at The Rotary Club of Oak Bay. He is the Compliance Officer for Farm. I am the Director of my Club's Administration, in charge of obtaining speakers. I booked Allan because cannabis was legalized and I wanted the Membership to receive information about the changes when cannabis became legal. The fact that the Original Farm has a Compliance Officer impressed all of the Members of my Club.

Since cannabis has been legal across Canada since October, 2018, I am dumfounded by the trials that the Original Farm has encountered.

Sincerely,

Lynne Murray
Retired Reg. Nurse
Director of Club Administration,
Rotary Club of Oak Bay

The UPS Store #199 Hillside
1581 - H Hillside Ave.
Victoria BC, V8T 2C1

To Mayor Helps and Council,

I have been an owner of this UPS store at 1581 Hillside Ave. for years. This has been a great neighbourhood to do business in as we enjoy our fellow business owners in the complex and enjoy the customers that come into our store.

In response to the upcoming public hearing for The Original FARM, we are in support of this cannabis retail business. We have never had an issue over the last 4 years of having them in the community and have found the staff to be very friendly and supportive of our business.

We do not see many minors in our neighbourhood as it is more of a commercial district and in our experience Lansdowne students rarely cross Shelbourne before, during, or after school as the students are very young.

I am in support of this business and wish them well in the future.

Many thanks,

Mara Dillon

A handwritten signature in black ink, appearing to read 'Mara Dillon', with a long horizontal stroke extending to the right.

Good afternoon Neighbour,

I just dropped by to say hello. My name is Allan Lingwood, Head Compliance with The Original FARM. I have recently been visiting neighbours living, and or working, in close proximity to our 3055 Scott Street cannabis retail store. The Original FARM, as well as Victoria City Council, would love to hear from the residents surrounding our store as to how we impact you. Your opinion holds so much value in our view as well as to the City Council's. There would be no better opinion than your's as to what The Original FARM operation is like as a neighbour.

We want to serve our surrounding community in continuing to provide safe access to cannabis in a discreet and professional setting. The City of Victoria has completed one round of soliciting public input, from residents 100 metres around the store. We hope that you will decide to support us during their second opportunity for public comment and time of discernment for City Council. We are an active member of our community and always open to hearing directly from you in case of incident or annoyance. Our standard operating procedures have been designed in order to eliminate negative outcomes in the community, but we are constantly improving.

Initiatives moving forward to reduce nuisance in our community include:

- Increased staff training, and customer encouragement around available parking.
- Increased staff training, and customer encouragement eliminating public consumption.
- Staff incentive offered to increase the number of people riding their bicycle to work, and openness to offering staff and customers an additional bike rack if demand exists.
- Constant scrutiny at our door ensuring minors are never allowed to enter our premise.

We will be around the neighbourhood this week addressing the comments and concerns of our neighbours. Hope to see you soon!

If you have any questions, comments, or if you'd like more information please contact me at [REDACTED].

Sincerely,

Allan Lingwood, MBA, CEC
Head Compliance

Re: provincial license application for The Original Farm

Jo Ann and Bruce Cook
[REDACTED]
[REDACTED]

Please keep my contact information confidential

I just want to state that I am not against cannabis retail but I do not think that the location at 3055A is good fit for this type of operation.

While the store was open in the past there have been numerous problems such as

1) Parking.

The location does not supply adequate parking for customers and as a result their customers park in neighbourhood residential spaces. This in itself creates problems for residents but also makes driving down the narrow streets (Scott, Myrtle, and Shakespeare) precarious with so many cars parked on either side. Even more difficult for the delivery trucks who pass through these residential areas (another residential problem) to supply Hillside businesses. I would also worry about emergency vehicles having a problem getting through.

2) Close proximity to schools and youth programs

There is a martial arts studio in the same complex which draws a lot of young people and Lansdowne Middle School is very close by.

3) Customer's smoking cannabis in the vicinity of the cannabis retail location.

This is very concerning to me as a close neighbour to the actual location. I had problems with even going outside my own house because the smell of cannabis being smoked was so strong. The smell is especially strong to me and causes me to become nauseous.

4) Dealers of illegal substances doing a side business in our neighbourhood. The cannabis retail store seems to have attracted drug dealers to the area who seem to take advantage of the chaotic come and go of vehicles in the area. It seems to be the perfect camouflage for their illegal drugs because they aren't noticed with the constant traffic close by.

We did have representatives from "The Original Farm" come to our door to talk to us about concerns but unfortunately their proposed operating procedures do not adequately answer to the concerns we have.

Sincerely,

Jo Ann and Bruce Cook

Good morning,

I am writing today to express my support for The Original Farm at Scott and Hillside. I live at 2957 Shakespeare Street, and while I am not a customer myself, I appreciate the care they have taken to ensure that their building is clean, secure, and even quite stylish in an area of otherwise unappealing stripmall. I hope that they will be able to continue to operate in our neighbourhood in the future.

Thanks very much,
Jessica Vivian

**Mission**

The Oaklands Community Association's vision is to provide a welcoming, engaging, sustainable community where all members can live, learn and thrive.

April 23, 2019

Re: FARM Hillside Application - municipal business licence

Dear Victoria Mayor and Council,

The Oaklands Community Association (OCA) would like to support the application for municipal business license by FARM Hillside.

All businesses within the Oaklands community are expected to operate clearly within the law, be active in the community, and seek out ways to improve the neighbourhood. The OCA is confident that in choosing to close in October 2018 and navigate the necessary channels with the City of Victoria while at the same time consulting with local businesses and residences, FARM Hillside will continue to be a contributing member of the community once they are allowed to reopen.

In my conversations with Allan Lingwood, I am confident in his and FARM Hillside's focus on community development, cannabis education, and improving quality of life for Oaklands residents. The regulated, legal cannabis industry is an opportunity for economic development in Greater Victoria, and Oaklands, and FARM Hillside has demonstrated enthusiastic willingness to comply with the regulations necessary to operate within this industry.

The Oaklands Community Association is interested in partnering with FARM Hillside to promote age appropriate education directed at both parents - to incorporate into their conversations with their children - through the Out of School Care, information at the Oaklands Sunset Market, and by helping create relationships with the Oaklands Elementary School Parent Advisory Committee.

Sincerely,

Sarah Murray
