

5. **952 Johnson Street & 1400 Vancouver Street
Heritage Designation Application No. 000184**

Attendees: Dan Cox, Cox Developments Ltd.

Merinda Conley provided a brief introduction.

Panel Questions and Comments

- The applicant is commended for undertaking the development of this property. The existing building, designed by John Di Castri, is worthy of designation. When the 1961 addition is removed, will the original west wall remain? Merinda Conley: The original wall of the sawtooth footprint of the west wall of the chapel will remain.
- Omit the reference to the building's association with churches since it was a non-denominational chapel.
- Be more specific about the roof; describe it as flat and gently sloping rather than geometric.
