Dear City Councilors,

Thank you for your letter of June 14, 2019, requesting my input on the proposed changes to 919 and 923 Caledonia Ave. Unfortunately, I will be out of town on June 27th at the time this matter will be heard in public hearings, and can not change these commitments. I understand there will be setbacks already written into the building code. Any building of 12 units will dramatically impact the light in the units at North Park. I see the Development Permit has requested parking space for 11 vehicles. I am writing to request these parking spaces be situated at the extreme south end of the property to create as much space as possible between the new building and the building at 930 North Park St.

Thank you for your consideration of this matter.
Sincerely,
Alison MacKinnon
