Committee received a reports dated December 16, 2016 from the Director of Sustainable Planning and Community Development providing information and recommendations on the proposed rezoning and Heritage Alteration Permit for the property located at 913-929 Burdett and 914-924 McClure Street to amend the existing CD-10 Zone to create a new site specific zone to permit increased density and allow for the construction of a 106-unit senior's residence.

Councillor Isitt returned to the meeting at 10:37 a.m.

Councillor Loveday excused himself at 10:50 a.m. and returned at 10:51 a.m.

Committee discussed:

- Heritage buildings taking the centre stage as opposed to the new construction.
- The Advisory Design Panel and the Heritage Advisory Committee coming together for a joint meeting to discuss the proposal.
- The reasoning for not proceeding with the midblock walk way.

Motion: It was moved by Councillor Madoff, seconded by Mayor Helps, that a meeting of the Joint Heritage Advisory Panel and the Advisory Design Panel be convened to consider the application for 913-929 Burdett Avenue and 914-924 McClure Street and that the report from the joint panel be included in the agenda when the application is considered by the Committee of the Whole.

That the panel be asked for comments on, but not limited to:

1. The relationship between the scale of the proposed development and the OCP policy that supports new additions that conserve and enhance heritage property.
2. Does the proposal appropriately respond to Standard 1 of the National Standards and Guidelines in respect to the removal of heritage designated elements/additions and the relocation of the Cartreff and Temple buildings
3. Does the proposal respond appropriately to Standard 11 of the National Standards and Guidelines in terms of new construction being physically and visually compatible with, subordinate to, yet distinguishable from, the historic place.
4. Does the Conservation Plan adequately address the National Standards and Guidelines and provide appropriate detail on how the proposal responds to the Guidelines
5. Has adequate information been provided by the applicant to support the claim that the level of Burdett Street has been raised over time and that this justifies the moving and raising of the Cartreff House.

6. Does the proposed landscape plan respect and retain historic landscaping appropriate to the 1860s Mt. St. Angela building and the 1905, Samuel McClure designed, Cartreff House as outlined in the Standards and Guidelines.

Committee discussed:

- The proposed new elements having more prominence than the heritage elements.
- Concerns with the length of time this project has taken come before Committee of the Whole.
- The density of the property taking more priority than the heritage elements.
- Providing an invitation to all members of the Advisory Design Panel and the Heritage Advisory Committee to discuss these issues; the meeting taking place in the Ante-Chamber.
