Subject: Sanctuary Youth Program Council Motion

November 14, 2020

Mayor and Council

Dear Charlayne,

RE: Prevention of Youth Homelessness Daytime Programs and Service Expansion & Extreme Weather Protocol

We are absolutely in full support of this initiative and motion. Increasing daytime programming and access to positive services is one of the strategic initiatives identified in the Working Solutions document; which is the guiding planning and implementation tool developed by the Prevention of Youth Homelessness Youth Task Force of the Greater Victoria Coalition to End Homelessness (GVCEH). The pilot identified here by Sanctuary would help to fill a gap identified in the service delivery continuum and support the Social Enterprise Centennial Square project as well. GVCEH, through the Youth Task Force will provide Sanctuary with endorsements and any and all support necessary to implement this expansion of hours and the Extreme Weather Protocol. Both of these initiatives were identified and are supported by the Youth Task Force members.

Further, we commit to ensure that this work will continue to be supported and reviewed for effectiveness in the prevention of youth homelessness as an initiative of the Youth Task Force collaborative social development framework.

Please let me know if you or Council need any additional information in support of Sanctuary in this initiative, and our deepest gratitude for considering financial support for prevention of youth homelessness.

Kind regards,

Kelly Roth | Executive Director
