

## **How We Got Here – Process of Plan Development**

**COUNCIL'S** first order of business after being sworn in was to turn our minds to how we could take what we heard from the public on the campaign trail along with important unfinished actions from last term and create a bold and achievable four-year plan.

We began by asking ourselves and each other:

- What would Council like to get out of the planning process?
- What would Council like to see in the plan?
- What's working well in the city?
- What are opportunities for improvement in the city?
- What's working well at City Hall?
- What are opportunities for improvement at City Hall?

Please see the Appendix for Council's answers to these questions. These were transcribed directly from flipcharts. We're sharing our "rough work" for transparency and so the public can see our thought processes.

As part of the process — and to ensure that the plan would be achievable — we asked staff to go through the plan line by line and analyze what financial and human resources would be required to achieve all of the actions in the next four years.

And then, we drew on the energy, intelligence and goodwill of the public and asked for help. Through a month-long online survey and a full-day Engagement Summit in January 2019, we gathered insightful and practical feedback from many members of the public.

In early February 2019, Council took all of the information gathered from both staff and the public and began to adjust the plan based on that input. We discussed and debated the plan in the order of importance that survey respondents had given to the strategic objectives. And as we went through the plan, we used the input from the Engagement Summit and the ranking of the importance of actions by the public as a guide. The outcomes associated with each objective were generated by the public at the Engagement Summit. And the plan's goal statement was also generated by members of the public working creatively together at the end of the day-long Summit.

We are grateful for the time, energy and goodwill that staff and the public have put into developing this plan with Council. And we look forward to delivering all of the actions, working side by side with the community over the next four years.

## **Goal Statement**

By 2022, Victoria will be a bold, thriving, inclusive, and happy city that people love. We will be known globally for our climate leadership practices, multi-modal transportation options, innovative approaches to affordable housing, and for meaningful reconciliation with the Songhees and Esquimalt Nations on whose homelands our city was built.

## Process for Amending Strategic Plan

<b>Part One – Emerging Issues and Opportunities</b>	
<b>Step 1.</b>	At any Committee of the Whole meeting, Councillors interested in amending the Strategic Plan to address an emerging issue or opportunity must bring a motion accompanied by a short report to request a short report from staff on the implications of adding a proposed Action. This report must outline which of the eight Objectives the new proposed Action will lead to, as well as the Outcome that the new proposed Action is meant to achieve.
<b>Step 2.</b>	At the next Quarterly Update, staff will provide a brief report to Council outlining what Actions planned for a given year may need to be reconsidered and the implications of doing so.
<b>Step 3.</b>	At the same meeting as outlined in Step 2, Committee votes on whether to move forward the new Action and Outcome and what Action or Actions may need to be removed.
<b>Part Two – Emergency Issues and Extraordinary Opportunities</b>	
<b>Step 1.</b>	At any Committee of the Whole meeting, Councillors interested in amending the Strategic Plan to address an emergency issue or extraordinary opportunity must bring a motion accompanied by a short report to request a short report from staff on the implications of adding a proposed Action. Emergency Issues and Extraordinary Opportunities don't need to be tied to a specific Strategic Objective, but if they do, this should be indicated clearly, as well as the Outcome that the new proposed Action is meant to achieve. Proposed new Actions for Emergency Issues and Extraordinary Opportunities will require a two-thirds majority to pass.
<b>Step 2.</b>	One Committee of the Whole meeting later at the most, staff provide a brief report to Council outlining what Actions planned for a given year may need to be reconsidered and the implications of doing so.
<b>Step 3.</b>	At the same meeting as outlined in Step 2, Committee votes on whether to move forward the new Action and Outcome and what Action or Actions may need to be removed. If Committee (and Council) supports proposed Actions and Outcomes that fall outside of the eight Strategic Objectives, a new section will be added to the plan entitled Emergency Issues and Extraordinary Opportunities.
