Subject: :this what I like to read for council meeting Jan 23 Crystal pool

Subject: Crystal pool

I would like to say a few words about crystal pool
On the behalf of my daughter.
We have being coming to the this pool for a very long time
She did all her swimming lessons here.
And now she being apart of special Olympics swimming team for awhile she has really
in joy be part of this team
And in the last she is apart of sprit orcas

If you take you time try to fig out what do with pool
The longer you hold this over the people head and make us feel stress out
And for the people disabilities are stress out and there worries about there safe place
where they can be with they friends
And you what to take that away because you have not come to see them or to talk to
them
And if the pool closed down there no pool for them to swimming at
Which mean the great ocean would be the pool

Have you chat to someone from special Olympics swimming ?

If you what to be Inclusive then make it for everyone
With a 50 pool that it has family change room and make any person can used even if
they have a disabilities or they need help or not

We just what a pool that everyone can use
This in your hands you have the way do what you do
But Victoria is in your hands your listening to all of here

Hop you dig dip down in your heart as you listen

Just remember the longer we wait
It could help the something go and it can not be fix because it so old
Then these great people will have no where to swimming other then the ocean

Would you swimming in the ocean?
U what to make everyone help but sometimes we can we just have to do what is right
for all
