Subject: Development permit with Variances Application No 00056

To whom it may concern:

I own a property at 834 Johnson St, with terrace facing the building at 844 Johnson. I am unsure which side of 844 Johnson the developer is wishing to increase the fence however, I would love it to be on the 834 side, obviously! I am in favour of fence height being increased on the other side, towards Quadra, and in fact increasing the height of any fence around the property at 844 Johnson.

All best,
Hilary Sandford (formerly Coupland)
owner of Apt 101
834 Johnson St
