The AWG recommends that Council direct staff to consider the implications of the City regulating businesses, which are granted the privilege of using the public domain for sidewalk cafes/patios, to be required to provide accessible access to the cafe/patio, and accessible seating. (Note: By accessible seating is meant, someone in a wheelchair can navigate to a table and the table will be at an appropriate height); and

**Meeting Date:** October 22, 2019

**Motion to Council in consideration of 2020 Financial Plan:**

The ATAC is supportive of directions outlined in the DRAFT 2020 Financial Plan for investments on walking, cycling and public transit with the following recommendations:

- The City should increase its capital spending on transit shelters. Specifically, the City should prioritize replacement of old shelters on rapid and frequent transit routes, consider non-standard shelter designs, explore alternative funding models, and prioritize advertisement-free shelters on the busiest corridors.
- The City should continue to support pedestrian wayfinding beyond the downtown core
- The City should plan for the completion of the Douglas Street Priority Bus lanes to Belleville Street
- Recognizing that new greenways are largely initiated through private development projects and improvements are associated with Parks or Transportation capital projects, the City should consider a future reserve fund to support greenways implementation

## **Attachment H: Advisory Committee Motions (Q4)**

- The City should consider initiating a project to name / brand different greenways and active transportation routes across the community
- The City should continue capital spending to support neighbourhood traffic calming (eg: speed reductions; improved pedestrian amenities; reduced cut-through traffic)
- The City should continue to support comprehensive investments under the Bicycle Master Plan budget including accessibility improvements, crosswalk upgrades /installations, sidewalk replacements/widening, and place-making features
