Re: 952 Johnson/1400 Vancouver

Dear Mayor and Council,

I would like to go on record as strongly supporting this project. As a city going through a housing crisis we should be welcoming any and all forms of rental housing into our City and especially downtown.

This development not only respects what exists with the retaining of part of the McCall's building, but also displays a very unique and different form of architecture than what we have seen in Victoria's downtown. This is a will be a great addition to the neighbourhood.

Thanks,

James Thomson

Re: 1400 Vancouver/952 Johnson

Dear Mayor and Council,

I am writing this letter to offer my support for the proposed development at the corner of Vancouver and Johnson. Being a business owner in the Harris Green neighborhood I feel Cox Developments projects have been big supporters and contributors to the area. This corner will be nicely addressed with their creative and innovative building and give more people an opportunity to live in this beautiful City and neighborhood.

If you have any questions please contact me.

To Mayor and Council:

I am writing to you in support of proposed changes to 1400 Vancouver Street and 952 Johnson Street.

As a resident in the area and an occupant of V1488 — a Cox Development apartment building, I appreciate the developer's approach to innovative design, and contemporary and liveable spaces.

Your approval of this proposed mixed-use development will help move the needle on gentrifying the general area, enhance the streetscape aesthetically, while providing more residential and commercial options to area residents.

Thank you for considering my position.

Sincerely,

Kristy Anderson
