bccs - victoria bay center

The floor plan of the second floor of Hudson's Bay is divided into several distinct sections. At the top, a long corridor contains various food outlets including Curry Flavour, NY Fries, Big Orange, and a Deli. To the right of this corridor are more food outlets like PIZZA, A&W, and a Kiosk. The central part of the floor is dominated by three large retail spaces: PASSPORT CANADA (10,431 sq ft), GOODLIFE FITNESS (460 sq ft), and GOODLIFE FITNESS (14,499 sq ft). To the left of these large spaces is a large open area labeled HUDSON'S BAY. The bottom section of the floor features a large open area, a service counter, and a view of the street. The plan also includes numerous smaller rooms, restrooms, and service areas, as well as a detailed layout of the building's perimeter and interior walls.
