To the city clerk at Legislative services:

I am writing to contest the denial of my short term rental business license at 2605 Belmont Ave, Victoria BC.

I was rejected on the grounds of schedule D, but my listing is not a self contained unit. It has no kitchen facilities whatsoever, and also contains the shared laundry for the whole house, deeming it unsuitable for long-term accommodations. I would love the opportunity to show it to one of your officers in person to prove my case, if that is something you need to clarify my situation. In the meantime I have ceased operations.

Looking forward to hearing from you.

With Thanks for your consideration,

Celine Stubel
