

Dear Mayor and Council,

I am writing in support of the project "701 Tyee Road - Development Permit with Variances Application No. 00080 (Victoria West)" on the agenda for this Thursday's COTW meeting.

I live about 300 meters from the project site, and walk or cycle past most days. The revisions to the project that were made in response to the ADP's feedback have made the project much better. When I reviewed earlier plans for this development I was concerned about the colour choices and some other design elements, but I now believe this project will be a real plus to my community, as well as providing much needed housing for the City.

Sincerely,

Jim Mayer
