Dear Mr. Pemberton;

The board of the Rockland Neighbourhood Association supports Gonzales becoming an independent neighbourhood association.

The RNA is not in a position to speak to the proposal regarding formation of a new Rockland-Gonzales Neighbourhood Association without going to its full membership. This could be raised at the next AGM, but at this time, the RNA does not have a mandate to support such a proposal.

Additionally, the results from the “Have Your Say – Neighbourhood Boundaries” survey conducted by the City appear to be consistent with Rockland maintaining its independence.

Regards,

Art Hamilton  
Acting President  
Rockland Neighbourhood Association
