**2020 REPORT FROM
VICTORIA HERITAGE FOUNDATION PRESIDENT
Theresa McFarland**

The Victoria Heritage Foundation (VHF) has been responsible for administering the City of Victoria’s residential grant program for heritage-designated houses since 1983. The economic incentives residents receive assist with the appropriate maintenance, repairs and rehabilitation of heritage homes. As a result, the City of Victoria is known for its charming and distinct heritage neighbourhoods and streetscapes.

In 2020, the VHF, like every other sector, was impacted by the Covid-19 pandemic. However, the VHF was successfully able to limit the impact to the grant program by quickly pivoting and moving all its board and committee meetings online. Our volunteers and Executive Director rose to the occasion and continued the important work of the organization while ensuring the safety of volunteers, contractors, and homeowners. Due to the commitment of our volunteers and Executive Director, the VHF successfully maintained last year’s increased amount homeowners received for grants at 50% and provided grants to 24 heritage conservation projects helping to preserve the City’s heritage resources.

The Board would like to thank its council liaison, Councilor Sarah Potts, who stepped down from their term with the board in November and welcome back Councilor Charlayne Thorton-Joe to the councilor liaison position. We’d also like to thank Senior Heritage Planner, John O’Reilly, for their continued support.

The work of the House Grants and Education Committees are fundamental to the functioning, decision-making and administration of the VHF. These committees are only possible because of the generosity of the many volunteers who dedicate their valuable time, expertise and enthusiasm to the organization. On behalf of the Board, I would like to sincerely thank you for your contribution to continuing the work of the VHF during this unprecedented year.

A handwritten signature in black ink, appearing to read "Theresa McFarland", with a long horizontal line extending to the right.

A BRIEF HISTORY OF THE VICTORIA HERITAGE FOUNDATION

The Victoria Heritage Foundation (VHF) is a not-for-profit organization under the Societies Act that supports owners of Heritage Designated buildings in the City of Victoria which were originally intended as single-family or duplex houses.

In 1978 the City of Victoria began allotting direct grants to heritage homeowners, through a system of tax rebates. In 1982 it was learned that the Municipal Act did not allow for such grants to be given directly to private individuals. The City then became the first municipality in BC to establish an arms-length, not-for-profit society, to administer City grant funds for Heritage Designated buildings. The Victoria Heritage Foundation was established in May 1983 to act on the City's behalf, using annual funds provided by the City, to disperse grants to owners of Heritage Designated residences towards rehabilitation costs.

The original 1983 Purposes of the Society, which just mandated the conservation of Heritage Designated houses, were amended by City Council to read:

- a) To promote, at the discretion of the Foundation, the conservation of buildings originally intended as single family or duplex residences, including ancillary buildings, which are protected heritage properties, situated within the boundaries of the City of Victoria, in the Province of British Columbia; and.*
- b) To undertake projects as defined by the Board of Directors of an educational nature for the promotion of the conservation of built heritage.*
- c) To raise funds to fulfill the objectives of the society.*

VHF began by sharing a space in the Carr House with the Hallmark Society. The office was then moved briefly to space at the University of Victoria. In January 1987 the VHF office was located on the top floor of the St. Ann's Academy building until 1988 when rehabilitation initiatives at St. Ann's began. Since then VHF has operated from the home offices of the Executive Director.

HOUSE GRANTS PROGRAM

In 1983 the Victoria Heritage Foundation assumed responsibility for administering the City's funding program to promote the conservation of Victoria's built heritage through the House Grants Program, husbanded carefully by the House Grants Committee.

This was the first such funding program in the Province of British Columbia, and it is still the most comprehensive program for houses. VHF's House Grants Program allocates grants on a priority basis for: structural work such as foundations and seismic upgrading, roofs, chimneys, gutters and drainage systems, exterior rehabilitation including preparation and painting, woodwork, windows and doors. Outbuildings, fences, gates and masonry walls, and specific interior features may be eligible if they are also designated and funding is available.

Between 1978 and 1982, under the City's direct tax rebate system, the reimbursement was up to 100%, depending on the cost of the work. From 1983 to 1990, the ratio was 50% for the most part. The rate then declined steadily, due to the increase in new house designations and applications, with no corresponding increases in the City grant until 2000. This resulted in a considerable reduction over the years in the actual ratio of grant to cost.

Grants are a percentage of total project costs and can vary from year to year based on the number of applications, cost of projects and the grant VHF receives from the City. In 2020 the grants were set at 50% of a maximum annual project cost of \$25,000 and \$30,000 of grant funds per 10 years per house. In 42 years, VHF and the City of Victoria have contributed to 1,413 projects for the rehabilitation and maintenance of 379 Heritage Designated and Covenant houses.

EDUCATION PROGRAM

The Education Committee became active in 1985. In 1997, at the request of the Education Committee, the Board sought permission from the City to look at the building plans stored in the City Hall attic, in order to produce a more fully researched update of our 1991 "James Bay Neighbourhood Heritage Walking Tour" brochure. These plans had never been catalogued and were found to contain a wealth of valuable historical information. Cataloguing of the building plans started in January 2000 with a great number of volunteers. The plans were completed in 2006 and volunteers continued to catalogue plumbing, water or building permits.

In 1999 the VHF's Education Committee began updating of the City's *This Old House* book, first published in 1978, and reprinted in 1984 and 1991. The Committee began by cataloguing the residential building plans, with the help of a \$15,000 grant from BC Heritage Trust. Work on *This Old House* began in 1999 with a student grant from Heritage Canada Foundation. VHF's Education Committee members and volunteers began their concentrated efforts towards this book in 2000. By 2003, it was realized that the new book would require several volumes to cover the then-600 buildings on the City's Heritage Register in the residential neighbourhoods, including churches, schools, commercial, institutional and apartment buildings. The fourth and final volume of *This Old House* was published in late 2009. The series has received four awards for outstanding achievement in Heritage Advocacy. The Victoria Heritage Foundation has an ongoing goal to update all four volumes as they sell out and new designations are added to the Heritage Register.

In 2002, VHF agreed with the City of Victoria's Heritage Planner to undertake the research for the new Heritage Designation and Register requests to the City, as the work also needed to be done for the *This Old House* project. Two separate contracts from the City for doing Statements of Significance on 28 houses also ensued in later years.

The first "Neighbourhood Heritage Walking Tour" brochure was initiated in 1991. To date there are ten "Neighbourhood Heritage Walking Tour" brochures, covering sections of Fairfield, Fernwood, James Bay (2), North Park, Hillside-Quadra, Burnside, Vic West, Oaklands and Gonzales.

VHF's do-it-yourself brochures were named "Your Old House" at the suggestion of heritage consultant and founding VHF Board Member Don Luxton. The first four were written and produced in 2000 in collaboration with the Heritage Society of BC (now Heritage BC) and with funding from BC Heritage Trust (now Heritage Legacy Fund). The Vancouver Heritage Foundation joined as a later partner in the process.

A series of lectures began through collaboration with Historic Seattle in 1998. Originally the Craftsmen Bungalow Society of Victoria took the major initiative for this, but VHF picked it up after four years, and the Craftsmen Bungalow Society of Victoria, an unincorporated group of Arts & Crafts enthusiasts, donated their residual profits to the VHF Education Committee.

"Your Old House Rehabilitation Workshops" were coordinated in various ways since 1990, and since 1996, VHF partnered with the Saanich Heritage Foundation.

This history of the Victoria Heritage Foundation is based on a report written in 2009 by Jennifer Nell Barr, Executive Director of VHF from 1986-2008.

ORGANIZATION

Board of Directors

The VHF Board of Directors is comprised of up to 15 members including the City's Heritage Planner and a representative from City Council. The Board meets one evening per month at City Hall to oversee the work of its Committees and to administer its programs. Board members should be informed of the programs and projects of the Board, as well as those of its Committees and other complementary organizations. They promote the Victoria Heritage Foundation in the community, demonstrate leadership and look for opportunities, while maintaining a long-range outlook.

House Grants Committee

House Grants Committee members are appointed by the Board. The Committee consists of volunteer inspectors that include professionals, trades people, homeowners and other interested persons, who have house construction, rehabilitation or related experience. House Grant Committee members meet one evening a month to draft policies and review grants. They provide the essential function of House Grant Inspectors, guiding both the homeowner and the Board regarding appropriate rehabilitation work. Inspectors make site visits before, during and after project completion. From February to April, new grant applications are reviewed and the yearly list of accepted projects is established. Members perform on-site inspections to ensure the work is being done according to the approved application. Upon project completion, inspectors provide reports to the Committee, Executive Director and the Board. VHF has established clear guidelines and priorities for approving applications. The House Grants Committee annually reviews policy issues and the program's "Application Guidelines & Conditions", and "Rehabilitation Requirements".

Education Committee

Education Committee members are appointed by the Board. The Education Committee promotes the preservation and public awareness of built heritage in Victoria. Projects to date have included: the production of educational booklets entitled "Your Old House" for rehabilitation and maintenance of elements of old houses; the development of "Neighbourhood Heritage Walking Tour" brochures; the cataloguing the City of Victoria's house plans & permits, and historical research and architectural descriptions on properties requesting Heritage Designation or Registration. The Committee has also produced and updated the four volumes of *This Old House*, detailing properties in the residential neighbourhoods on Victoria's Heritage Register. The Education Committee has sponsored special events such as lectures by renowned experts and Your Old House Workshops.

Administration

The administration and day-to-day operations of VHF are carried out by the Executive Director. This is a part-time contract position. While the VHF's mailing address is at Victoria City Hall, the Executive Director operates from a home office.

Volunteers

Volunteers are the backbone of this organization. Board members, Committee members and other volunteers continue to donate many hours to the work of VHF. Some volunteers work on specific or ongoing projects, while others volunteer as needed for special events. Volunteers are not required to attend meetings, although they are occasionally invited to meet Committee members and report on their projects. New volunteers and ideas for promoting the work of the Victoria Heritage Foundation in the community are always welcome.

2020 BOARD & COMMITTEE MEMBERS, CITY OF VICTORIA LIAISON, STAFF & VOLUNTEERS

Board of Directors

Theresa McFarland, VHF President, BC Govt, provincial heritage registrar
 Andrew Rushforth, VHF Director, House Grants Committee co-chair, structural engineer
 Pamela Madoff, VHF Vice-President, heritage advocate, retired City Councilor
 Chris Hoggarth, VHF co-Treasurer, (since June 2020)
 Carmen Leung, VHF co-Treasurer, (since June 2020)
 Stephen Lyons, VHF Legal Advisor, lawyer
 Colin Gareau, VHF Director, realtor
 Maggie Graham-Bell, VHF Director, conservator consultant
 Ben Schweitzer, VHF Director & House Grants Committee co-chair, project manager
 Keith Thomas, VHF Director & Education Committee chair, researcher
 Jeff Sheldrake, VHF Director, BC Govt, executive director
 Sarah Potts, VHF Director, Council liaison
 John O'Reilly, VHF Director, senior heritage planner

House Grants Committee

Christine Belzile, joiner RSE
 Neil Garneau, restoration technician
 Veronica McEllister, architectural technologist
 Davyd McMinn, carpenter/woodworker
 Sean Nowak, joiner/woodworker
 Lee Ottewell, licensed building inspector
 Andrew Rushforth, structural engineer
 Ben Schweitzer, project manager

Education Committee

Jennifer Barr, retired heritage consultant
 Jackie Krismer, retired teacher
 Audrey Prendergast, retired librarian
 Keith Thomas, researcher
 John Veillette, retired museum collections manager

VHF Contract Staff

Brigitte Clark, executive director

Robert Hill	Lotus Johnson	Donald Luxton
Dorothy Mindenhall	Heather Morgan	Margaret Narain
Susan Nickum	Sherri Robinson	Nick Russell
Sharon Russell	Stuart Stark	Ken Sudhues
Leona Taylor	Drew Waveryn	Greg Windwick
Jim Wolf		

2020 HOUSE GRANTS PROGRAM

The Victoria Heritage Foundation's house grants help to offset the high costs of rehabilitating and maintaining a heritage-designated property. VHF grants encourage homeowners to undertake appropriate rehabilitation of their property's character-defining elements. The grants help to ensure that the work is compatible with the character and era of the property and follows the *Standards and Guidelines for the Conservation of Historic Places in Canada*. These standards of heritage conservation aim to sustain heritage places for the long term, along with the many benefits they offer the community.

2020 started out as usual with many preliminary grant inquiries. Victoria's building boom was still evident with a shortage of skilled trades and high construction costs. Shortly before the March 31st grant application deadline, the COVID19 virus became a worldwide pandemic and a state of emergency was declared. While there was a lot of uncertainty at first, VHF adapted with the help of video conferencing and file sharing. As restrictions eased, projects proceeded and VHF inspectors were able to conduct site visits. While we missed our in-person committee meetings, we were fortunate to be able to continue the important work of the Victoria Heritage Foundation through challenging times.

In 2020 VHF has once again helped to fund many traditional exterior wood storm windows. Storm windows are sustainable retrofits that reduce demolition and carbon emissions while improving building performance and preserving the original character-defining historic windows. Page nine highlights some additional benefits and shows the number of storm windows funded over the years.

The grant percentage in 2020 was 50%. This was the funding percentage for many years after VHF was created in 1983. Since then grant percentages have decreased as demand outpaced the funding received from the City. It is hoped that the matching grants can be maintained in future years to assist with the significant increases in construction costs.

VHF and heritage homeowners benefit from the practical knowledge and commitment of our volunteer house grants inspectors. Their continued support and advice is valued and greatly appreciated.

The following page lists 2020 grant projects that were successfully completed. A summary of statistics of the Victoria Heritage Foundation's and the City of Victoria's funding assistance for protected heritage houses over the past 42 years can be found on the last page of this report.

2020 HOUSE GRANTS

1270 Balmoral Rd
seismic upgrades

2020 HOUSE GRANTS

ADDRESS		PROJECT	GRANT \$
110	Medana St	re-roof	\$12,500
27	Olympia Ave	woodwork repairs - E side	\$3,456
126	South Turner St	gutters & downspouts	\$1,090
1209	Yukon St	chimney, re-roof	\$9,342
1310	Topaz Ave	sleeping porch restoration	\$9,844
1421	Grant St	paint W & S sides, MPDA, new windows	\$11,315
1448	Pembroke St	12 new windows, window repairs	\$6,204
1141	Fort St	window repairs, 11 storms	\$6,697
642	Battery St	part prep & paint, MPDA	\$6,614
953	Empress Ave	8 basement storms	\$1,297
1320	Rockland Ave	window repairs, storms	\$11,450
1449	Elford St	re-roof, storms	\$12,500
2645	Fernwood Rd	19 storms	\$5,919
242	Robert St	woodwork, prep & paint W side, MPDA	\$6,925
155	Rendall St	prep & paint, MPDA	\$13,231
252	Memorial Ave	woodwork repairs	\$2,940
1140	Arthur Currie Ln	window repairs	\$3,938
1857-59	Fern St	storms, door repairs	\$9,022
1449	Pembroke St	re-roof main	\$7,324
1260	Denman St	chimney, prep & paint, MPDA	\$9,024
1270	Balmoral Rd	front porch restoration, seismic	\$10,563
435	Kipling St	front door repair, storms	\$1,249
2254	Belmont Ave	storms	\$8,594
140	Government St	stone foundation repair	\$3,308
24 GRANTS		@ 50% FUNDING	\$177,504

In 2020:

- 24 projects completed totaling \$177,504 in grants
- homeowners invested a minimum of \$355,008
- grants were 50% of project costs
- maximum eligible project cost was \$25,000
- average grant was \$7,396
- projects were completed in seven neighbourhoods

2020 EDUCATION PROGRAM

The Victoria Heritage Foundation's Education Committee's mandate is, "to undertake projects of an educational nature for the promotion of the conservation of built heritage."

The pandemic cancelled all the annual community events that VHF looks forward to, including Fernfest and Ross Bay Villa's BC Confederation Day.

This Old House

Work started on the four-volumes of *This Old House - Victoria's Heritage Neighbourhoods* in 1999. Completed in 2009, the series has received several heritage awards. Volumes are updated as they sell out. Over 8,200 copies of *This Old House* have been sold to date.

This year, work continued on updating and revising Volume Three - Rockland, Burnside, Harris Green Hillside-Quadra, North Park & Oaklands.

Neighbourhood Heritage Walking Tour Brochures

In 2020 VHF's tenth neighbourhood heritage walking tour brochure was completed for the northern part of the Gonzales neighbourhood. The pandemic forced closures at the Tourist Info Centre and City Hall, reducing the demand for the printed brochures. On the other hand, homeowners with brochure boxes in front of their houses, reported an increased demand from families and small groups exploring their neighbourhoods. Online web map versions accessed from the VHF website include photos of all the properties.

Cataloguing of Permits & Plans

The Education Committee began cataloguing the residential building plans in 2000. Since then, building, plumbing and water permits have been added.

The pandemic lockdown provided an opportunity to complete the transcription of 260 handwritten pages of the City of Victoria's building permit ledger from 1921-1936. Thanks to Nick and Sharon Russell for their work on this. There are now over 20,000 entries in a searchable database of building permits for residential buildings from the 1870s to 1936. It is hoped that the latest entries will be added to the inventory of building documents accessible to the public on the University of Victoria's vihistory.ca website.

Volunteers

In 2020 VHF members & volunteers contributed over **3,040 hours** towards the work of the Victoria Heritage Foundation. Their commitment, time and expertise stretches our resources and promotes relationships that support heritage conservation. We are grateful for the continued support of our members and volunteers, without whom we could not have delivered our programs in 2020.

This Old House Volumes

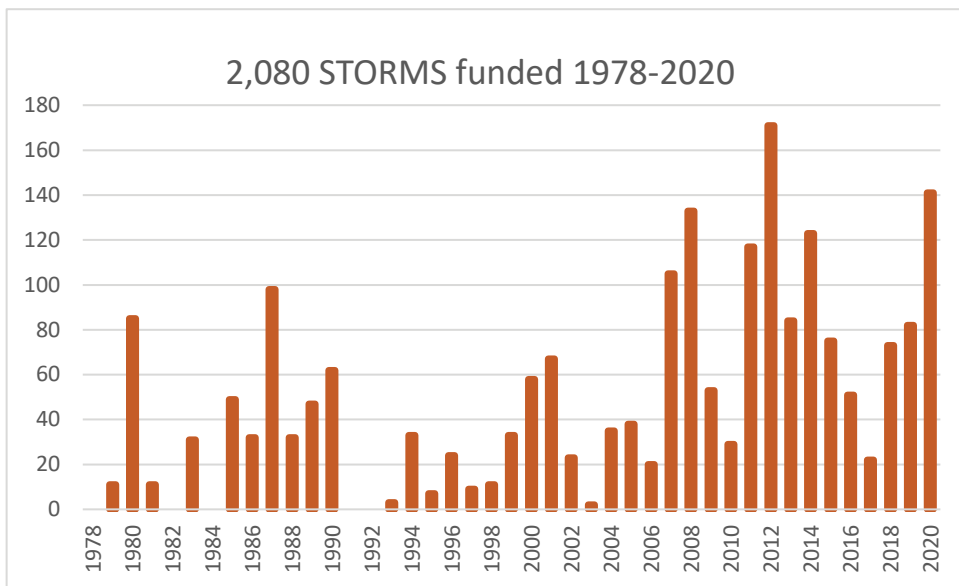

1. Fernwood & Vic West (2013)
2. James Bay (2018)
3. Rockland, Burnside, Harris Green, Hillside-Quadra, North Park, Oaklands (2014)
4. Fairfield (2009)

Neighbourhood Heritage Walking Tours

1. James Bay № 1 - Emily Carr Walk
2. James Bay № 2 - Ogden Pt-Inner Harbour
3. Fernwood - Fernwood Village
4. Hillside-Quadra - Smith Hill
5. North Park - Central Park
6. Fairfield - Southwest Fairfield
7. Burnside - Burnside-Gorge
8. Vic West - Vic West-Gorge
9. Oaklands - Oaklands Rise
10. Gonzales - North Gonzales

Benefits of traditionally made wood storm windows:

- historically accurate
- retains, protects & complements original windows
- prevents heat loss by 40-50%
- reduces draughts
- reduces sound transference
- similar energy savings as full thermal window replacement
- more cost effective and longer lasting than replacement windows
- removable for washing and painting

REVIEW ENGAGEMENT REPORT

To The Board of Directors of Victoria Heritage Foundation

I have reviewed the accompanying financial statements of Victoria Heritage Foundation (the "Foundation") that comprises the statement of financial position as at December 31, 2020 and the statements of operations and changes in net assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Practitioner's Responsibility

My responsibility is to express a conclusion on the accompanying financial statements based on my review. I conducted my review in accordance with Canadian generally accepted standards for review engagements, which requires me to comply with relevant ethical requirements.

A review of financial statements in accordance with Canadian generally accepted standards for review engagements is a limited assurance engagement. The practitioner performs procedures, primarily consisting of making inquiries of management and others within the entity, as appropriate, and applying analytical procedures, and evaluates the evidence obtained.

The procedures performed in a review are substantially less in extent than, and vary in nature from, those performed in an audit conducted in accordance with Canadian generally accepted auditing standards. Accordingly, I do not express an audit opinion on these financial statements.

Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the financial statements do not present fairly, in all material respects, the financial position of Victoria Heritage Foundation as at December 31, 2020, and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

VICTORIA HERITAGE FOUNDATION

NOTES TO THE FINANCIAL STATEMENTS

For the year ended December 31, 2020

(Unaudited)

1. Purpose of the organization

The Victoria Heritage Foundation ("the Foundation") was incorporated June 9, 1983 under the Society Act of British Columbia. The Foundation administers the City of Victoria's funding program for heritage houses. The purpose of the Foundation is to promote the conservation of buildings originally intended as single family or duplex residences, including ancillary buildings, which are protected heritage properties, situated within the boundaries of the City of Victoria, in the Province of British Columbia and to undertake projects of an educational nature for the promotion of the conservation of built heritage. The Foundation is a non-profit organization as described in paragraph 149(1)(l) of the Income Tax Act and therefore is not subject to either federal or provincial income taxes.

2. Significant Accounting Policies

The financial statements were prepared in accordance with Canadian Accounting Standards for Not-for-Profit Organizations and include the following significant accounting policies:

a. Revenue Recognition

(i) Grants

The society follows the deferral method of accounting for contributions, which includes government grants. Unrestricted contributions, including the annual operating grant from the City of Victoria, are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Externally restricted contributions are recognized as revenue in the year in which the related expenses are recognized.

(ii) Publications and services

Revenue is recognized at the time of shipment or when the service is rendered.

(iii) Interest income

Interest income derived from a cash savings account is recognized as received and from a redeemable guaranteed investment certificate accrued monthly.

b. Donated Services

The work of the Victoria Heritage Foundation is dependent on volunteer services. The value of donated services is not recognized in these statements.

c. Cash

Cash consists of bank deposits and short-term investments with maturity or redemption dates of less than 90 days. The short-term investment consists of a redeemable guaranteed investment certificate which is recorded at amortized cost, which approximates current market value.

d. Inventories

Inventories are measured at the lower of cost and net realizable value. The cost of inventories comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition and is determined using the weighted average cost method. Net realizable value is the estimated selling price in the ordinary course of business, less any applicable variable selling costs.

e. Use of Estimates

The preparation of financial statements in conformity with Canadian Accounting Standards for Not-for-Profit Organizations requires management to make estimates and assumptions that affect the reported amount of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. These estimates are reviewed periodically and adjustments are made to income as appropriate in the year they become known. Actual results could differ from these estimates.

VICTORIA HERITAGE FOUNDATION

NOTES TO THE FINANCIAL STATEMENTS

For the year ended December 31, 2020

(Unaudited)

3. Economic Dependence

The Foundation is economically dependent on an operating grant from the City of Victoria representing 99.6% of total revenue (2019- 98.6%).

4. Financial Instruments

Under the standards for recognizing and measuring financial instruments, all financial assets are classified into one of the following four categories: held for trading, held to maturity, loans and receivables or available for sale. All financial liabilities are classified into one of the following two categories: held for trading or other financial liabilities.

The Foundation's financial assets and liabilities are classified and measured as follows:

Asset/ Liability	Category	Measurement
Cash	Held for trading	Fair value
Accounts receivable	Loans and receivable	Amortized cost
Accounts payable and accrued liabilities	Other financial liabilities	Amortized cost
Grants payable	Other financial liabilities	Amortized cost

Financial instruments measured at amortized cost are initially recognized at fair market value and then subsequently at amortized cost with gains and losses recognized in the statement of operations in the period in which the gain or loss occurs.

a. Fair Value of Financial Instruments

The fair value of a financial instrument is the estimated amount the Foundation would receive or pay to settle a financial asset or financial liability as at the reporting date.

The fair values of amounts receivable, accounts payable and accrued liabilities and grants payable approximate their carrying values due to their nature or capacity for prompt liquidation.

b. Risks and Concentrations

The Foundation is exposed to various risks through its financial instruments, without being exposed to concentrations of risk. The following analysis provides a measure of the Foundation's risk exposure at the balance sheet date.

(i) Cash flow risk

The Foundation is exposed to cash flow risk resulting from the possibility that future cash flows associated with a monetary financial instrument will fluctuate in amount. The exposure to cash flow risk arises from its deposits with a major credit union which earns interest at market rates. The Foundation has no interest bearing liabilities.

(ii) Credit risk

Credit risk is the possibility that other parties may default on their financial obligations. At year end, the maximum exposure of the Foundation to credit risk in cash was \$142,306 (2019- \$146,720). This risk is minimized by ensuring that the Foundation's funds are held in major financial institutions.

VICTORIA HERITAGE FOUNDATION
NOTES TO THE FINANCIAL STATEMENTS

For the year ended December 31, 2020

(Unaudited)

5. Financial Instruments (continued)

b. Risks and concentrations (continued)

(iii) Liquidity risk

Liquidity risk is the risk that the Foundation will not be able to fund its obligations as they come due, including being able to liquidate assets in a timely manner at a reasonable price. The Foundation monitors forecasts of cash flows from operations and maintains its financial assets in the form of cash. Investment income is not a primary source of revenue. The Foundation has not entered into any derivative transactions.

(iv) Price risk

The Foundation is not exposed to significant price risks in the form of currency risk, interest rate risk or market risk as it has no material financial assets other than cash.

6. Remuneration

On November 28, 2016, the British Columbia Societies Act came into force. Included in the new Act is a requirement to disclose remuneration paid to all directors, the ten highest paid employees and all contractors who are paid at least \$75,000 annually.

During the year, the Foundation paid no remuneration to the Board of Directors, had no employees and had no contractors whose remuneration was in excess of \$75,000.

North Gonzales Heritage Walking Tour

VHF's latest neighbourhood heritage walking tour brochure for the North Gonzales neighbourhood was completed in 2020. The North Gonzales route is between the eastern boundary of Victoria, south of Oak Bay Avenue between Foul Bay Road and Richmond Avenue. The area includes a diversity of historic houses on quiet, walkable tree-lined streets. The self-guided walking tour briefly describes some of the buildings along streets beginning and ending at the commercial strip on Oak Bay Avenue.

Print versions of all ten neighbourhood heritage walking brochures are available from Victoria City Hall, the Tourist Info Centre on the Inner Harbour and locations in the neighbourhoods. Web app versions of the tours can be accessed from the VHF website.
