CARRIED</p> <p>That Council endorse the following resolution and submit it for consideration at the Association of Vancouver Island Coastal Communities and the Union of BC Municipalities:</p> <p>2. WHEREAS to expand the supply of community and affordable housing, experts tasked with delivering the final report of the Canada-British Columbia Expert Panel on the Future of Housing Supply and Affordability recommend that: The federal and provincial governments independently or jointly create an acquisition fund to enable non-profit housing organizations to acquire currently affordable housing properties at risk of being repriced or redeveloped into more expensive units. Approval of the licence is expected to result in a reduction of unacceptable levels of noise and other impacts associated with the licenced establishment.</p> <p>a.If the application is approved, it is anticipated to have a positive economic impact on the community as the approval supports the viability of the business as a local employer.</p> <p>b.The views of residents were solicited through a mailout to neighbouring property owners and occupiers within 100 metres of the licensed location and a notice posted at the property. In response to the notification that went to 547 owners and occupants, the City received six letters in response to the notification, including a letter from the Downtown Residents Association; all responses expressed concern regarding the application for a liquor primary license at 531 Yates Street with hours to 2am daily.</p> <p>c.That Council indicate to the province support for conversion to liquor primary only no later than 10:00 p.m.</p> <p>d.Council recommends to the Province that the liquor primary licence be approved as recommended.</p> <p>2.
