

6. Heritage Designation Application No.000201 for 579 Johnson Street (Downtown)

**Applicant Attendees:** Stephanie Hartwig, Gerald Hartwig, and Tom Moore

Panel Questions and Comments

How is the previous proposal different from the current proposal for the Shotbolt building?  
Please reference the December 14, 2021 minutes to see what the Panel declined for the previous proposal for the Shotbolt building.

The panel can make a recommendation to designate 579 Johnson Street and not provide a recommendation for the infill building. The information presented has not been as complete as was previously presented at the December 14, 2021 meeting for the infill building. The designation of the Cameron Building at 579 Johnson Street is supported and recommend not providing a recommendation for the infill building due to a lack of information provided to clearly outline the new detail of the infill which was previously declined by the Panel.

**Motion:** That the Heritage Advisory Panel recommend that Council approve the Heritage Designation Application No. 000201 for the property located at 579 Johnson Street. The Panel cannot provide recommendation on the infill building proposal due to the lack of information provided. The Panel's previous comments regarding the original application still stand.

**Carried unanimously**

*Motion to adjourn: Helen Edwards    Seconded: Graham Walker    Adjournment: Unanimous*

*Adjourned at 12:55pm*
