Subject: Rezoning application No. 00808 for 3198 Quadra Street

To whom it may concern,

I am writing to express my opposition to the proposed rezoning at 3198 Quadra Street, which would allow for storefront cannabis retail.

I live on this block, and I feel it would be detrimental to the neighborhood. There exists already a plethora of cannabis retailers in Victoria, and adding one to an otherwise residential neighborhood is totally unnecessary.

Additionally, this location is only 1 block away from an elementary school, which seems like an inappropriate place for this kind of development.

I urge the council to deny this request.

Thank you for your time and consideration,

Annika Nielsen
