Subject: RE: New Liquor Primary Application | LL000350_FOD Cocktail Lounge_537 Johnson ST

Hi Ryan,

I have reviewed this application and have no objections to the change from food primary to liquor primary with family food service. The hours of operation will not change nor will the capacity limit. It appears that the main reason for the change is to bring more diversity to their entertainment line up after 9pm. This entertainment will be more adult focused so the minors would not be permitted to stay in the establishment after 9pm. The letter of intent is well thought out and describes a positive impact to the community they serve. Given that there is no change to the service hours nor the capacity limit, the impact to the surrounding community should not change.

Subject: New Liquor Primary Application | LL000350_FOD Cocktail Lounge_537 Johnson ST

Hi,

The attached application to LCRB is for Friends of Dorothy Cocktail Lounge (FOD) LCRB to obtain a Liquor Primary licence. The establishment currently operates under a food primary licence with hours of licenced service from 9:00 am to 12:00 am daily with an occupant load of 105 people. The applicant proposes to retain these hours and occupant load and the application, letter of intent, floor plans and current licence are attached for review and understanding of the application.

Please review and submit your comments by May 13th.

Review and comment by City Staff including Police, Bylaw, Engineering, Sustainable Planning & Community Development, and Business and Community Relations is required. The comments will support a recommendation to council and in preparation of your comments please consider the following as requested by LCLB;

- the location of the establishment, and
- the person capacity and hours of liquor service of the establishment.

Comments should be focused to the following, also as requested by LCLB:

- The impact of noise on nearby residents; and

- The impact on the community if the application is approved

Thanks,

Ryan
