FINAL Tenant Assistance Plan Review - [For City Staff to complete]

Application Reviewed By: (City Staff) Date:

Did the applicant meet TAP policy?: Yes No N/A

Staff comments on final plan:

Although this Tenant Assistance Plan meets moving cost expectations of the Tenant Assistance Policy, it does not meet overall policy expectations because it fails to provide:

- Rent compensation for eligible tenants as per length of tenancy and at 2022 CMHC average rents or tenant's rent, whichever is higher.
- Relocation support for eligible tenants with at least three housing options of comparable size, location and price, and which meet tenant needs.

Tenant request for additional assistance, as indicated in completed Tenant Request for Assistance form, is not recognized or accommodated in this TAP.

The TAP exceeds policy expectation in offering \$10,000 down payment amount if current tenants wish to purchase new strata units.
policy expectation in offering \$10,000 down payment amount if current tenants wish to purchase new strata units.

APPENDIX C: Tenant Assistance Policy Compliance with the Freedom of Information and Protection of Privacy Act

Please ensure this form is signed by both the Applicant and the Tenant Relocation Coordinator, if applicable.

The City of Victoria's Tenant Assistance Plan (TAP) collects tenant personal information to assist them to find new, comparable, accommodations. Collecting tenant personal information requires the City and developers' Tenant Relocation Coordinators to collect in compliance with FOIPPA. Following these privacy guide-lines will maintain the required compliance.

Collection: Appendix A of the Tenant Assistance Plan (TAP) collects this personal information, tenant name, length of tenancy, dependents and needs and vulnerabilities (e.g. fixed income, affordable housing, disabilities). Section 26 of FOIPPA lists all the purposes in which personal information may be collected. Helping tenants find new, comparable, accommodations is the only purpose for collecting their personal information. This purpose complies with section 26(c) that states: "the information relates directly to and is necessary for a program or activity of the public body". Tenants' personal information cannot be used for any other purposes.

Use: Tenant's personal information must comply with section 32(a) of FOIPPA that states, "it must be for the purpose for which that information was obtained or compiled, or for a use consistent with that purpose (see section 34)". The purpose is the same as that in which it was collected under section 26(c). There are no consistent purposes under the TAP program. Tenant's personal information can only be used to provide the assistance that the TAP program provides.

Disclosure: FOIPPA list only those reasons in which personal information may be disclosed and it can only be disclosed to individuals inside Canada. The tenants' personal information can only be disclosed in accordance with section 32.2(a) that states, "for the purpose for which it was obtained or compiled". In other words, disclosure is only to those who require it in order to perform work that "relates directly to and is necessary for" delivering the assistance available under TAP (e.g. on a "Need to Know" basis).

Accuracy: FOIPPA requires that "every reasonable effort" be employed to collect personal information. When tenants complete a tenant letter, they need to review the personal information they provide to confirm it is correct. Also, double for accuracy when transcribing from the letters to Appendix A.

Correction: Tenants can request to review and correct their personal information at any time including a year after the decision is implemented regarding the assistance they received under TAP. The City will provide the access, therefore, developers do not need to retain their tenant records for a year.

Protection: Every reasonable effort must be made to protect tenant information from unauthorized collection, use, disclosure, access or premature destruction. This includes password protecting tenant information, keeping it separate from other information, keeping it in one location, limiting access (need to know) and not sharing it unencrypted are all reasonable security efforts.

Storage and Access: FOIPPA requires that the tenant personal information be stored and accessed only from within Canada. Storing it on a cloud service provider, even one in Canada, is still likely to allow access from the US. Keeping it in a secure electronic folder with only one person with access is the most FOIPPA compliant.

Retention: Personal information is only kept for as long as it is operational required. Under TAP it can only be kept for one year after a decision has been made and implemented regarding the assistance a tenant is eligible for under TAP. After that, tenant letters must be destroyed so they cannot be reconstituted and the personal information in Appendix A must be aggregated so that specific individuals cannot be identified.
