

## **Council Member Motion for the Governance and Priorities Committee meeting of February 12, 2015**

---

**Date:** February 5, 2015      **From:** Councillors Loveday and Isitt  
**Subject:** North Park Village design workshop

---

### **BACKGROUND**

The North Park Neighbourhood Association and Fernwood Community Association have expressed interest in assisting with economic revitalization and quality-of-life improvements in North Park Village through a collaborative design workshop.

Undertaking this design workshop can help to ensure the City and taxpayers receive the maximum value for money for a planned major road rehabilitation on Cook Street between Pandora Avenue and Caledonia Avenue, through a design that is informed by the input and aspirations of businesses and residents for the North Park Village.

### **MOTION**

BE IT FURTHER RESOLVED THAT Council direct staff to facilitate a design workshop at the earliest opportunity to engage North Park Village business operators, property owners, the North Park Neighbourhood Association, the Fernwood Community Association and North Park and Fernwood residents on design improvements to the public realm in the North Park village in conjunction with major road rehabilitation, with the objective of increased economic vitality, placemaking and greenspace, and transportation options.

Respectfully submitted,
