Dear Mayor and Council,

RE: Cannabis Temporary Use Permit Application for 1040 North Park

We understand that there is a temporary use permit application for cannabis retail at 1040 North Park.

We would urge Council to reject this application out of consideration for a VIHA residential project which is planned for 1046 North Park. The VIHA project will serve a vulnerable mental health population and a buffer from this type of use would be wise.

Regards,

Pam Hartling
Chair, NPNA Land Use Committee
