Subject: Permissive Tax Exemption - White Eagle Hall

Dear Mrs. Westinghouse,

In addition to our application for permissive tax exemption we would like to state that only half of the building on 90 Dock St. - the first floor - is being rented.

The other half - the ground floor - is used for community meetings, library with archives, language school, museum of Canadian/Polish/English combatants, as well as a meeting place for veterans, and a space for a kitchen and Ping-Pong table.

Sincerely,
Zenon Rozanski

Dear Ms. Westinghouse,

White Eagle Polish Association, a non-profit organization was established in 1950. The post war immigrants of Polish origin who settled in Victoria established the organization and with a mutual effort of volunteer work they built the **Polish Hall**, a unique venue, that from the beginning was tightly knotted with the cultural fabric of James Bay community and City of Victoria.

During those years the Polish Hall served as a venue for the community for Christmas Dinners, New Year Celebrations, Easter Dinners, Thanksgiving Dinners, Mothers Day Dinners, Remembrance Day celebrations, as well as Valentine's Dance Parties, Halloween Dance Parties, Children's Santa Clause Parties, Talents Shows, Theatre performances, seminars, concerts, workshops, church services, ping-pong a few times per week for members of surrounding communities, the gifting of small parcels and presents to the local elementary school at Christmas, and other public and private functions. We also hold an annual picnic and barbeque at Elk Lake for the community organized by the Polish Hall.

Our main existing programs consist of:

- **White Eagle Polish Association** activities: all dinners described above, dance parties, seminars, celebrations, performances, concerts, workshops, talent shows, as well as annual picnic.
- **The White Eagle Band**, which celebrates its 11th anniversary this year, has become attractive and well known in Victoria's art scene for the quality of their performance and for promoting Eastern European folk music. Over the years, the group has performed in various multicultural venues and festivals in Victoria, Vancouver, Calgary, Seattle, Portland and Phoenix.
- **The Polish Saturday School**, which is run by an excellent teacher with many years of teaching experience, is in the process of expanding its curriculum and quality of scholastic training. Due to the growing need and demand, the school needs to improve the physical quality of the classroom environment and provide better learning tools for the students. The school promotes and encourages youth

to learn the language and culture of their origin, thus improving the intellectual and lingual ability of these young Canadians. In addition, the Polish school runs classes for adults.

- **The Polish Library** has been in the Polish Hall for the last forty years. It consists of five thousand books, many tapes, CDs, and is still growing. Our members (around 40 people) use the library on a regular basis. The library is an excellent source of reading material for the students from the Polish Saturday School. As the number of books is growing steadily, the library needs more space to accommodate it. There is also a need to modernize and introduce new technology. In order to increase readership and promote Polish and Canadian literature, we are currently organizing a Reading Club and a series of lectures about Polish culture, art and science, with emphasis on connections to Canada.
- **The Theatre 'Brawo'** promotes live theatre culture and entertains many theatre lovers. It is an excellent way to maintain the Polish language and very good way to entertain the public. The group plans to add English subtitles to performances, as well as new performances entirely in English so that more of the community can enjoy them.

As the population of our city grows, the number of people with a Polish background moving to Victoria from other parts of Canada also grows. As such, our community grows and the Polish Hall offers new forms of education and entertainment for its members and multicultural community. The main areas of growth are culture and arts, advancement of education, development of youth programs, and promotion of healthy life styles based on our traditions. We plan to add new programs such as cooking lessons, dance lessons, children's field trips, sports activities and many others for the local community.

From the 1950 to present day, the Polish community has managed to support our building and keep it in a very good shape, and we have implemented many upgrades throughout the building.

On April 18th 2017, a meeting decision was made to set aside funds for future earthquake upgrades and improvements to the Polish Hall such as:

- Strengthening for the building structure
- Kitchen and food lift upgrades
- Gas and water installation improvements
- Disabled ramp access and bathroom construction

Those upgrades are needed and important for us as we would like to continue with our programs and we would like to maintain the safety and functionality of our kitchen. It will not only serve our Polish community but also surrounding communities as we advertise our programs in English and Polish for everybody who is interested in:

- Radio CFUV 101.9 FM
- Outside Polish Hall in glass-case
- www.victoriapolishhall.com
- Victoria Curling Club, Good Fellow Café
- 'Strony' Victoria magazine
- Facebook

The Polish Hall is primarily for public service and community benefit, so we would like to ask the City of Victoria for permissive exemption from Property taxation for 2017-2019.

The need for financial assistance stems mainly from the fact that our organization is growing and extending its base of programs offered to the community. The Polish community is not the sole group that benefits from the existence of the Polish Association and Polish Hall but also the surrounding communities and members of the City of Victoria as even some of the homeless community members have attended our functions and dinners and have been served food at no cost to them.

We would greatly appreciate a positive approval of our application.

Sincerely,

Zenon Rózański,

Treasurer
