

ZAMBRI'S

Victoria, December 1st

Re. letter of intent / application for a permanent change to our liquor licence
Licence #204648

To Whom This May Concern,

Zambri's is a local Italian restaurant that has been operating in Victoria for 17 years.
In 2010, Zambri's moved from 911 Yates St to 820 Yates St and expanded to 120 seats.

We are in the process of applying for an endorsement to our food primary licence to allow for a patron participation.

With 2 private spaces available for private events, our business has evolved and private functions have become an integral part of it.

The current dancing limitations prevent us from accepting weddings and other celebrations involving patron participation.

If approved, the music played would be either recorded or played live (DJ mostly) and dancing would be limited within the restaurant and not past midnight. We typically do "last calls" at 11:15pm and start turning the lights up at 11:30pm to make sure the restaurant is empty by 12am.

Should you need any further details, please do not hesitate to contact me.

Thank you for your consideration
