**Re: Development Permit Application No. 00456 Belleville Terminal  
January 28 PLUC, Agenda item #7**

Regarding the staff report dated January 21, for consideration at the January 28 PLUC, please note the following:

- Community Consultation has not occurred (as mentioned on page 2/3)
- The subject property, indeed the full Belleville Terminal area falls within the James Bay Neighbourhood and hence the CALUC of record is JBNA, not DRA.
