Hello Mayor Dean & City Council Members

I am writing you in regards to the city's bicycle master plan. I would like to encourage all of you to accomplish the reports recommendations. As a resident of 2 years in Victoria, I have seen minor improvements with the bike infrastructure in Greater Victoria. As an avid cycling commuter I want to see our city encourage an alternative mode of transportation. During your committee meetings please seriously consider the following -- Seven issues raised in the GVCC's letter to the mayor and council; Complete a study for a 2 way cycle track on Pandora Ave and to present the findings of this study to the public.

We have elected you to represent us & expect you not to prematurely rule out concerns raised. My hope is to have a city that is bike friendly for my future children and encourage those skeptical of riding on the road with safe and well planned bike routes for all.

Thank you
