

# **Parking Services Review Public Consultation**

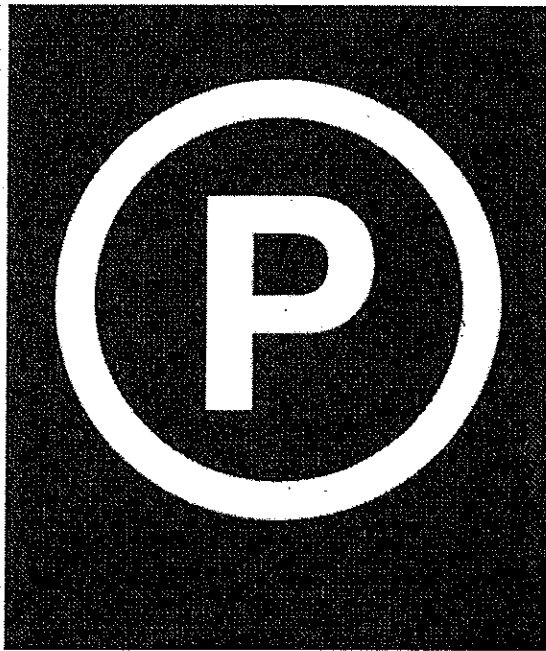

## Attachment B – Facebook Posts and Comments

**Parking Facebook Post****April 11, 2014****City of Victoria - Local Government**

Posted by Michelle Harris (2) · April 11 · 4\*

Do you park downtown? We recently conducted a review of our parking services to identify ways to make it easier to park downtown and improve customer service. Learn more and provide feedback on the proposed improvements to downtown parking and share your thoughts and experiences on parking in Victoria in an online survey by May 2.

Drop by an Open House on Friday, April 25 from 8am – 9:30am at the City Hall Antechamber to view displays and meet with staff to discuss the proposed changes to parking downtown. We hope you can join us. <http://www.victoria.ca/EN/main/departments/engineering/parking/parking-services-review.html>

Josh Steffler I dont park downtown, because your parking creeps have no compassion and are robotic revenue thugs... I do not shop downtown for the same reason  
April 14 at 11:19am · Like · 3

Linda Clement Blocking off roads kills businesses. Who cares? They only pay 3x the amount of tax as individuals...

Carly Burbank We moved here from Calgary in September and had planned on opening a business downtown but after researching the parking and accessibility issues we've decided to open it in Langford even though its further away for us. I have spoken with dozens of local business owners in Market Square, on Herald street, Government, Douglas etc etc and everyone I spoke with felt the city didn't care about local business and the greedy parking rates and non user friendly machines and signage was taking advantage of both tourists and locals who in turn frequent downtown less. You're shooting yourselves in the foot if your not supporting your local businesses Victoria! It's very shortsighted considering all the unemployment on the island! Lose a bit on parking and you'll recoup the losses with booming businesses and more tax paying employed citizens.

Bryan Matthews How much was wasted on the survey? Whos pockets got lined from the over expense of developing and working it into a format that wont be looked at in the right way anyway. If the people don't say what you want it will be just thrown in the trash and forgotten about. I know how the CRD works. I was student employee way back when recycling was just being implemented. I wasn't asked back because I was a thinker and not a robot.

Natilee Underwood I have to go to the bathroom, really! It is not just the parking that sucks in Victoria. Seriously!  
April 16 at 10:59am · Like

Benjamin Tarnowski Or an even simpler idea. Make it free. Let Cristy Clark pay for it, she stole \$5500 from us anyways

Carly Burbank Hopefully there are enough people who can take the time off work or have someone else drop off their children at school. If turnout is poor or doesn't accurately reflect a wide enough spectrum of the the city's constituents perhaps it could be held again at a better time?

Vittorio Cheli But having a meeting that people could actually attend isn't convenient for staff.

City of Victoria - Local Government Thanks - We've had a great response from the community, with more than 700 online surveys completed to date. This morning's open house was an additional opportunity for the public, especially downtown business owners, to ask questions and provide input. All of the information at the open house is available online and we invite you to complete our online survey by May 2 at [www.victoria.ca/parking](http://www.victoria.ca/parking).
