

Councillor Motion

Date: May 21, 2014
Subject: Parking Privileges

From: Councillor Shellie Gudgeon

Whereas parking concerns in the City of Victoria rank at the top of mind for businesses and residents alike;

And whereas there are a total of eighty two (not including the City of Victoria) elected officials in the CRD, who currently receive parking passes that exempt them from all parking restrictions;

And whereas to stimulate and revitalize businesses throughout the city, turnover of parking is a critical factor;

And whereas the staff recommendation is to remove the privileges for on street parking to the downtown zone;

And whereas the City of Victoria, the seat of the CRD, is generously providing all said elected officials with free parkade passes;

Be it resolved that existing parking passes for CRD elected officials be revoked and replaced with 'parkade only' passes.

Respectfully submitted

Councillor Gudgeon
