December 18, 2017

Honourable Claire Trevena
Minister of Transportation and Infrastructure
Parliament Building
Victoria, BC V8V 1X4

Dear Minister Trevena,

Re: Regional Transportation System

At the December 12, 2017, Special Council meeting, View Royal Council discussed the regional transportation system and asks that the Province and British Columbia Transit work with the Capital Regional District and local governments, to introduce an effective regional transportation authority in the Capital Region, with responsibilities including the governance and operations of public transit.

Please note that the Town of View Royal is committed to working with the Ministry of Transportation, the Capital Regional District, and the Transit Commission to fix transit, including rapid transit from downtown to the Westshore.

We look forward to your support on this matter.

Sincerely,

David Screech
Mayor

Cc: Honourable John Horgan, Premier
Capital Regional District Board
Capital Region MLA's
CRD Transportation Committee
Capital Region municipalities
