

## **NEW BUSINESS**

### **1. Development Variance Permit No. 00189 for 735 Market Street**

Council received a report providing information and recommendations regarding an application to reduce the parking requirement due to the proposed change of use on the ground floor from office to personal service to facilitate a physical rehabilitation business.

#### **Motion:**

It was moved by Councillor Coleman, seconded by Councillor Madoff, that Council, after giving notice and allowing an opportunity for public comment at a meeting of Council, consider the following motion:

"That Council authorize the issuance of Development Permit Application No. 00189 for 735 Market Street, in accordance with:

1. Plans date stamped May 2, 2017.
2. Development meeting all *Zoning Regulation Bylaw* requirements, except for the following variances:
  - a. Schedule C, section 16.C.4 - Relaxation of parking requirement from four spaces (one space per 37.50m<sup>2</sup>) to three spaces (one space per 60.85m<sup>2</sup>) for personal service use.
3. The Development Permit lapsing two years from the date of this resolution."

**Carried Unanimously**

## **Council Report**

### **For the Meeting of June 22, 2017**

---

**To:** Council

**Date:** May 31, 2017

**From:** Jonathan Tinney, Director, Sustainable Planning and Community Development

**Subject:** Development Variance Permit No. 00189 for 735 Market Street

---

### **RECOMMENDATION**

That Council, after giving notice and allowing an opportunity for public comment at a meeting of Council, consider the following motion:

"That Council authorize the issuance of Development Permit Application No. 00189 for 735 Market Street, in accordance with:

1. Plans date stamped May 2, 2017.
2. Development meeting all *Zoning Regulation Bylaw* requirements, except for the following variances:
  - a. Schedule C, section 16.C.4 - Relaxation of parking requirement from four spaces (one space per 37.50m<sup>2</sup>) to three spaces (one space per 60.85m<sup>2</sup>) for personal service use.
3. The Development Permit lapsing two years from the date of this resolution."

### **LEGISLATIVE AUTHORITY**

In accordance with Section 498 of the *Local Government Act*, Council may issue a Development Variance Permit that varies a *Zoning Regulation Bylaw* provided the permit does not vary the use or density of land from that specified in the *Zoning Regulation Bylaw*.

### **EXECUTIVE SUMMARY**

The purpose of this report is to present Council with information, analysis and recommendations for a Development Permit Application for the property located at 735 Market Street. The proposal is to reduce the parking requirement due to the proposed change of use on the ground floor from office to personal services to facilitate a physical rehabilitation business moving into the space.

The following points were considered in assessing this application:

- the site is well served by public transit on Douglas Street and Hillside Avenue
- the site is near the Galloping Goose Trail
- six new bicycle stalls are being provided.

## BACKGROUND

### Description of Proposal

The proposal is for the reduction of the number of parking stalls from four stalls to three stalls in order to facilitate the establishment of a physical rehabilitation business moving into the ground floor.

### Sustainability Features

The applicant has not identified any sustainability features associated with this proposal.

### Active Transportation Impacts

The application proposes the following features which support active transportation:

- three stalls of Class 1 bicycle parking (inside)
- three stalls of Class 2 bicycle parking (outside)

### Public Realm Improvements

No public realm improvements are proposed in association with this Development Permit Application.

### Data Table

The following data table compares the proposal with the existing C1-N Zone: Neighbourhood Shopping District. An asterisk is used to identify where the proposal is less stringent than the existing zone.

Zoning Criteria	Proposal	Zone Standard C1-N
Height (m) - maximum	5.7	21.5
Density (Floor Space Ratio) - maximum	0.70:1	1.40:1
Parking - minimum	3*	4
Bicycle parking stalls (minimum)	Class 1 – 3 Class 2 - 3	Class 1 – 3 Class 2 – 3 (for existing buildings not required)
Number of dwelling units	1	1
Setbacks (m) – minimum: Front	3.05	3

Zoning Criteria	Proposal	Zone Standard C1-N
Rear	0.23	n/a
Side (west)	0.17	n/a
Side (east)	3.05	n/a

### Community Consultation

Consistent with the *Community Association Land Use Committee (CALUC) Procedures for Processing Rezoning and Variances Applications*, on April 11, 2017 the application was referred for a 30-day comment period to the Burnside-Gorge CALUC. A letter dated March 16<sup>th</sup>, 2017 is attached to this report.

This application proposes variances, therefore, in accordance with the City's *Land Use Procedures Bylaw* it requires notice, sign posting and a meeting of Council to consider the variances.

### ANALYSIS

The site is well served by public transit along Douglas Street and Hillside Avenue, and by the Galloping Goose Trail. In addition, the proposal includes six bicycle parking spaces, and three vehicle parking spaces are maintained on the property. Any additional changes in use that triggers a higher parking requirement would necessitate a further variance with staff review and Council approval.

### CONCLUSIONS

The request for a reduced overall parking requirement of one stall is recommended for Council's consideration as being supportable, based on the proximity to public transit, and the provision of bicycle parking.

### ALTERNATE MOTION

That Council decline Development Variance Permit Application No. 00189 for the property located at 735 Market Street.

Respectfully submitted,

  
Chelsea Medd  
Planner  
Development Services Division

735 Market Street  
Development Variance Permit #00189

To the Mayor and Council of the City of Victoria,

This letter is my application for a parking variance within your municipality. My proposed business, Cain Exercise Rehab, is to be located at 735A Market Street.

The property in question currently has two conforming off-street parking stalls available and a third legal non-conforming stall. With the calculation of the property's square footage, that leaves the site with a shortfall of one parking space.

The nature of my business is that of a physical rehabilitation clinic. I am the sole proprietor with no additional clinicians or receptionists on staff. My clientele will be utilizing my services on a one-on-one base only with at least 15 minutes of time in between appointments to provide for recordkeeping, minimizing my business's parking demand. At any point in the future, if I should decide to expand on my services and staff, such an event would see me moving to a new location to accommodate for the increase in volume.

There are a number of factors that may be considered in regards to the parking demand in the Market Street area. Road parking is available immediately in front of the property for up to 60 minutes, while the surrounding area provides for 90 minutes. The site is also located directly between and within 50 meters of two of Victoria's most major bus routes on Douglas Street and Blanshard Street. Furthermore, with the relatively-close proximity to the Galloping Goose Regional Trail, it stands to reason that I may encourage my clients to choose an active form of transportation, such as walking or biking, to my business as part of their later-stage rehabilitation.

There is currently no bike parking on site, but I have provided information for the proposed bicycle stalls that I will utilize should the variance be approved. The current requirement is for three Class 1 interior and three Class 2 exterior stalls; my proposal will honour both of those requirements.

With the above considerations, I am able to provide support from the neighbouring businesses to assure that there is no concern regarding any potential increase in parking demand or traffic that my business may cause. In fact, a number of the neighbours are in favour of my presence in this area due to our potential to help assist in the growth of one another's businesses, the community, and local economy.

Sincerely,

Jon Cain

**To:** [REDACTED]

**Subject:** Re: Letter of support - parking variance for 735A Market Street

[REDACTED]

Dear Mayor and Council,

**Re: Parking Variance for 735A Market Street**

The Burnside-Gorge Land Use Committee (BGLUC) wishes to express our support for the parking variance proposed for 735A Market Street. The business owner of Cain Exercise Rehab is proposing to use the 2-off street parking stalls on the property, a variance of three stalls.

The BGLUC supports this variance given the nature of the business, the fact that there is street parking available immediately in front of the property for up to 60 minutes, and that the owner has proposed to include 3 bicycle parking spots in excess of the required 3 spots.

The BGLUC supports active transportation as a fundamental element of land use planning and recognizes that the area around 735A Market Street is easily accessible by bus, on foot, and by bicycle. Additionally, we appreciate that the business owners approached our committee to work in good faith, recognizing that they were not required to contact us for a parking variance.

We appreciate the opportunity to comment.

Respectfully,

**Carolyn Gisborne**

Carolyn Gisborne  
Chair, Burnside-Gorge Land Use Committee

To whom it may concern;

I am writing this letter on behalf of SG Power Products in regards to Cain Exercise Rehab parking request. We understand of the issue regarding parking and we are writing to inform that it will not be an impact on our business. We have two parking lots on our property that give us the room required to conduct our business and allow plenty of customer parking. The increase in parking demand that would come with the Cain Exercise Rehab will not impact our own.

If there are any questions, please do not hesitate to contact myself Mike at my email [mike@sgpower.com](mailto:mike@sgpower.com) or the company phone number 250-382-8291 in the service department.

Thank you and we wish Jon the best of luck with his business venture.

Sincerely,

---

To Whom It May Concern,

This letter is being written as regards the parking variance being sought by Cain Exercise Rehab located at 735 Market Street, Victoria, BC. As the co-owner of a neighbouring business, First Choice Book & Victoria Bindery, located at 2817 Quesnel Street, I'd like to offer my support for the establishment of this business in the neighbourhood.

Based on the information presented to me, I do not foresee any interference with our business caused by the parking requirements that may arise from the presence of Cain Exercise Rehab in the neighbourhood. In fact, I foresee that the establishment of another small, local business could be an enhancement for the generation of increased business for adjacent businesses in the neighbourhood.

If there are any concerns or questions, please do not hesitate to contact me at my address.

Best regards,

A handwritten signature in black ink, appearing to read 'PO'Connor'.

Patrick O'Connor

Co-owner

First Choice Books & Victoria Bindery

Jon,

The Great Little Box Company doesn't have any concerns about Cain Exercise Rehab's limited parking or its effects on traffic. This is an area with many business and we've never had any issues with the availability of parking.

Thank you for coming by today, it was nice to meet you.

Jen Harlow

Re: Parking Variance

This note is in regards to support Cain Exercise Rehab's parking variance. Our office has no concerns about the parking demands in our area. The clients of Cain Exercise Rehab will have no impact on our office or our patient's ability to park.

Please let me know if you have any questions.

Sincerely,

Chelsey Wood  
Clinic Manager

Re: 735 Market St.

To whom it may concern:

We understand that Cain Exercise Rehab has applied for a Parking Variance to operate his business at 735 Market Street.

On behalf of the ownership and management of Andrew Sheret Limited, the business operating next door to Cain Exercise Rehab, we are confident that the variance will provide no impact to our business use. We fully support the application being made by Cain Exercise Rehab.

Sincerely,  
ANDREW SHERET LIMITED

  
Eric Findlay,  
President

To whom it may concern,

I'm writing this letter in regards to the situation of parking variance brought forward by Cain Exercise Rehab located at 735 Market Street. As the owner and manager of the neighbouring business, Cakes Etc., located at 2821 Quesnel Street, I'd like to fully offer my support for the establishment of this business in the area.

Based on the information presented to me, I foresee no interference with our business caused by the parking requirements that will arise from the presence of Cain Exercise Rehab in the neighborhood. In fact, I predict that the establishment of another small, local business will be a positive situation for the benefit of helping generate increased business for anyone who is operating in the surrounding area.

If there are any questions or concerns, please do not hesitate to contact me at :Phone 250 360 2390 or email: [deb@cakesetc.ca](mailto:deb@cakesetc.ca).

Sincerely,

To whom it may concern,

As the ownership of Hornby's Canopy City, it has been brought to my attention that Cain Exercise Rehab is seeking a parking variance in order to operate its business near mine.

After discussing with the owner of that business, I can say that I have no concerns regarding parking requirements or traffic in the neighbourhood and that Cain Exercise Rehab will not interfere with our business here. I can hereby offer my support for this variance application.

If there are any questions or concerns, please do not hesitate to contact me by phone at 250-383-3214 or by email at [horbys@shaw.ca](mailto:horbys@shaw.ca).

Sincerely,

Mike Moore  
Owner  
Hornby's Canopy City  
2745 Douglas Street  
250-383-3214

To whom it may concern,

I'd like to offer my show of support to Cain Exercise Rehab, located at 735A Market Street, in their application for a parking variance. Our own business, Body Dynamics 24-Hour Fitness, will not be impacted by any potential parking or traffic changes caused by this proposal, and I look forward to being able to have a working relationship with Cain Exercise Rehab in order to help one another grow each other's businesses.

If you have any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "M Shorter", with a long horizontal flourish extending to the right.
