

July 7, 2017

To Whom It May Concern,

My name is Aaron Lind and I reside at 735 B Market Street in Victoria, BC. I reside in the sole residential rental unit in the building. My residence and Cain Exercise Rehab are the only occupants of a mixed-use 2-level building.

It has come to my attention that the owner of Cain Exercise Rehab, Jon Cain, is making efforts to resolve an issue related to the parking availability at 735 B Market Street.

I am writing this letter to articulate my support for Jon Cain and his business Cain Exercise Rehab.

I have occupied the residence at 735 B Market Street since June 1, 2016, and am delighted to share with you that I have never experienced difficulties related to parking while a resident at this address. I would further like to share that there is often ample street parking available in the area surrounding the building.

I am a licenced Property Manager [REDACTED] and have some familiarity with these issues. I would like to share that Jon Cain has been exceedingly kind, understanding and accommodating in any requests I've made of him regarding my residence and my parking needs in our shared spaces. I do not anticipate his business will interfere with the ability of myself or my guests to use the parking area. I was disheartened to hear that this technicality has been an impediment to his entrepreneurial aspirations and hope that this burden can be relieved and he may be permitted to pursue his vocation without further delay.

Sincerely,

Aaron Lind
