City of Victoria  
Council of the City  
Centennial Square  
Victoria, BC,  
V8W 1P6

Dear Council of the City of Victoria;

First of all, thank you for giving us the opportunity to provide our feedback with regards future plans for our neighbourhood.

Unfortunately, I will not be able to attend the City Council meeting on Thursday, June 22, 2017, but I will like to provide my input for this regard.

From my point of view, increasing building construction either for offices or residences in the area will affect enormously the traffic and contamination of our neighbourhood.

We currently face lots of traffic ( morning and afternoon) while trying to get in and out Vic West, either through Johnson Bridge or Bay Bridge.

Not to mention, that we actually can easily waste about 15-20 minutes by car between Esquimalt Road with Tyee Road corner , to the corner of Bay street with Bridge Street.

I personally go to work close to the Gorge Hospital in Gorge Street at 4 p.m. It takes me about 25 minutes to get there from home -83 Saghalie Road, time of which at least 15- 20 minutes is between Saghalie Road and Bridge Street.

I will appreciate your consideration of traffic and contamination before issuing the development permit of 353 Tyee Road.

Best regards,

Heidy Lopez
