Subject: Proposed changes to 968 Walker St. and 722 PineSt.

Hello,

I am a resident at 726 Pine St.

I am a single parent with an 8 year-old, ... also, I work at home doing "homeshare" with a special needs adult male.

I often do split shifts where I need to sleep in the day.

I am very concerned about the level of noise and disturbance that the proposed changes will cause in my life.

How long will this project take to complete?

Sincerely,

Philip Newton
