Hello to Council.

I live in #4 - 118 St. Lawrence Street. A proposal will be discussed before Council tonight, to rezone Lot 3, Beckley Farm from an R-2 zone to an R2-54 property allowance.

As a resident of the neighbourhood in close proximity to the property in question, I state my opposition to the planned change. If development of a heritage home is possible, redeveloping the structure, my support would be forthcoming. But not with the proposed variances, setbacks, etc. Maintaining the same general footprint reinforces a community emblem.

Sincerely,

Alan Segal
