

To Mayor and Council

Re 1737 Rockland Avenue

Recently the Rockland Land Use Committee was informed of a Heritage Alteration Permit application for 1737 Rockland.

We will not be responding to the opportunity to comment as the Land Use Committee feels this application is inappropriate.

The alteration has been in place for months, if not in part, for years.

The alteration apparently was made with neither building permit nor Heritage alteration permit.

The alteration was made by a knowledgeable owner who would be familiar with the bylaws of the city.

The alteration was at roadside in plain view of any city employee with a knowledge of or interest in building permits or alterations.

It is our contention that to allow this permit application is unfair to all those who follow the process.

Bob June, Chair
RNA LUC

Subject: 1737 Rockland Avenue -- Proposed Changes

Sir: We are unable to attend the City Council Meeting on October 27 and therefore send the following note to you regarding proposed changes to 1737 Rockland Avenue.

We do not support the addition of an intrusive structure protruding from the front of the Rattenbury designed home at 1737 Rockland Avenue.

As a community, we should try to preserve the architectural heritage of our neighbourhood.

(Signed) Jan and Janice Drent, 1720 Rockland Avenue, Victoria, V8S 1W8. Phone [REDACTED].

Please keep confidential our phone number and e-mail address. With thanks.
