Dear Mayor Helps and Council:

Re: Nav Canada Appeal

---

I am most pleased to advise that North Saanich and the BC Assessment Authority have successfully opposed Nav Canada's petition to the Supreme Court of Canada to challenge the Court of Appeal's ruling on the matter of the assessment of Nav Canada property. The Supreme Court has ruled that it will not give leave to Nav Canada to challenge the ruling. This now entrenches the law and overturns previous rulings that disadvantaged municipalities in assessments of single use properties.

We are very pleased with the outcome and wish to thank you for your support and financial assistance.

Yours truly,

Alice Finall

Mayor, District of North Saanich
