RE: Petition in support of 1310 Gladstone redevelopment proposal

Mayor and Council,

It is my pleasure to submit the attached petition with 255 signatures, with 165 of those signatures from neighbours we canvassed directly within a 200m radius of 1310 Gladstone Avenue. Our volunteer Board of Directors has been actively canvassing neighbours within 200m since early June in anticipation of this Public Hearing. Despite a number of attempts, we have not reached people at all addresses, but we have found overwhelming support in the canvass area.

We also had an information booth at FernFest (June 19th), and obtained signatures from 90 residents who live nearby in Fernwood and across the city and region.

The map (page over) shows the distribution of signatures closest to 1310 Gladstone, with the blue shaded circle representing the canvass area, a 200m radius from the middle of 1310 Gladstone.

Sincerely,

Lee Herrin
Executive Director

Fernwood NRG

I support the proposed redevelopment of 1310 Gladstone Avenue in Fernwood Village to a two-storey mixed-use building with a basement level.
