	Brief history and role in benefitting residents of Greater Victoria			
ir fa	QVCC is an inter-generational community centre, community social service agency and neighbourhood association. Our Centre is located directly across from the largest concentrated low income housing development in Greater Victoria and in the heart of a low-income, high-density, inner-city area of Victoria. These ingredients serve to create a community where exposure to risk factors such as family violence, mental health challenges, addiction and poverty are all too common for children, youth ,families and the rest of the community. Since the early 1970s it has been our purpose to meet the challenging and changing needs of the community with sound preventative and responsive program planning, partnering and implementation. Addressing a lack of opportunity for low income children and youth is a key focus for our organization. As well, we build neighbourhood and community capacity to help our local area be resilient and thrive. Our work as an organization has been key to the stabilization and progress evident in the continuing evolution of our neighbourhood.

Service Clubs	7,500	-Support Programs
One to One Childcare Reimbursement	4126	-One to One Childcare Staff

Has the organization filed for bankruptcy or currently seeking credit protection? ☐ Yes ☐ No

SECTION 4. PROJECT OR PROGRAM INFORMATION

Project or program title: Food Skills for Youth Program (Part of the Teen Centre Engagement and Enhancement Project)

Brief description of the project or program and why the grant is needed.

QVCC is looking for \$10,000 in matching funding to facilitate the Food Skills for Youth Program (FSYP). Through the United Way's Hillside-Quadra Youth in Action (YIA) team it was determined that it is essential to encourage youth wellbeing and seek to equip people to live happy and healthy lives. Akey way to do this that was identified was to connect youth to work experience and lifeskills while providing food while having fun! This is how the FSYP was created. The FSYP program will teach youth the basic skills they need in order to run a food cart and cook healthy meals for their families while enhancing their employability and leadership skills. The FSYP will enhance the youth's food and leadership skills by tailoring opportunities based on developmental needs/stages of youth participants. The FSYP will offer and facilitate food safe, first aid and basic skills and licensing requirements for preparing and selling food. The FSYP will allow youth to prepared and sell food out of our food cart. Youth will receive honourariums for the work they do with the food cart. This funding request is specifically for the purchase of a food cart and trailer that meets Island Health requirements. In addition it will cover costs that are needed for food skills training, youth engagement facilitation and youth honourariums. The overall Teen Centre Engagement and Enhancement Project that was funded by the United Way (in the amount of \$129,000 over 3 years) included budget for additions and/or improvements to kitchen facilities at QVCC that would enhance food preparation options for youth in conjunction with the food cart and any other food preparation for the community [It was determined that matching funds would be essential to have adequate resources to accomplish Teen Centre Engagement and Enhancement project completion. This is especially true given the facility renovation costs that are a goal of the project]. As well, it provides for other opportunities to improve the QVCC Teen Centre. The key to all of this is youth engagement which started with YIA, has continued with consultations with neighbourhood and participant youth through QVCC. We have been ensuring that all directions and decisions are as youth driven as possible connected to Food Skills for Youth as well as the overall Teen Centre Engagement and Enhancement Project. This is consistent with our commitment to high standards for working with youth as taught and outlined through the Youth Program Quality Initiative that we belong to.

Does this project or program impact public space?

⊠Yes □No: Teen Centre and Kitchen Facility Renovations at

Explain in detail how this project or program will meet and support the City of Victoria's Strategic Plan Objectives.

There are a number of areas in which the FSYP meets the City of Victoria's Strategic Plan Objective's. The FSYP will enhance the quality of life for a number of residents in the Hillside-Quadra area as well as engage youth and build food skills by bringing food into our community, teaching youth how to cook healthy meals and enhancing youth's employability skills. In these areas the FSYP is building capacity of our neighbourhood by offering essential skills needed to live a healthy/positive lifestyle.

Innovate and Lead

Quadra Village Community Centre was a key partner in supporting the United Way's Youth In Action (YIA) project in Hillside-Quadra. Over a period of over 2 years, YIA reached out at neighbourhood events and schools and in the process solicited extensive feedback, mapped neighbourhood resources and wrestled with how best to invest funding that was provided by United Way and Coast Capital. Based on neighbourhood feedback and their own direct experience of QVCC they decided that the Teen Centre Engagement and Enhancement project and all of the elements of the FSYP were priorities to support for the benefit of youth from Hillside-Quadra and surrounding neighbourhoods..

Engage and Empower the Community

Youth engagement is a key part of this strategic priority and FSYP engages youth through opportunities to give feedback, make decisions and the opportunity to build skills ranging from lifeskills to leadership skills. For example, we will be giving youth multiple opportunities to lead including short term project lead roles (in conjunction with an adult mentor) and orienting and mentoring youth getting prepared to prepare and serve food. The food cart represents a valuable tool for QVCC to use in ongoing life skills and leadership building for youth participants.

Facilitate Social Inclusion and Community Wellness

FSYP enhances the quality of life for youth from Hillside-Quadra and surrounding neighbourhoods, many of whom are contending with family issues such as generational underemployment, poverty, cultural stereotyping, family instability, addiction, family violence and inadequate housing.

Enhance and Steward Public Spaces

FSYP is a key complement to the Teen Centre Engagement and Enhancement Project which give local residents, in this case youth, a direct, impactful voice that will author the components, facilities and environment in the QVCC Teen Centre
